INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Three K's Limited.

The proposed project will entail establishment of recycling of lead. The project process will involve buying of old car batteries, battery breaking, lead extraction, smelting, moulding and packaging of lead for export.

The project is located at L.R. No. 567, Mainland North, Changamwe, Mombasa.

The project anticipates the following impacts and mitigation measures:

Possible impacts	Mitigation measures
1. Air emissions	<ul style="list-style-type: none"> Control particulate emissions using electrostatic precipitators, bag filters, scrubbers, cyclones that are appropriate for the exhaust steam characteristics. Install gas scrubbing processes that remove SO₂ from low concentration streams and use oxy fuel burners resulting in reduced NO_x formation. Collect and treat acid mist generated in the milling stages of battery breaking.
2. Wastewater	<ul style="list-style-type: none"> Direct contact cooling water should be routed through the facility wastewater treatment system. Reductions in effluent toxicity using appropriate technology e.g. reverse osmosis.
3. Residues and waste	<ul style="list-style-type: none"> Process large quantities of slag produced at the smelting stage to produce inert granular material that can be sold for industrial use such as cement manufacturing. Recycle anode and tank bottom sludge for residual metals recovery. Recycle waste from abatement systems, and sludge from leaching and wastewater treatment into pyro-processing stages.
4. Occupational health and safety	<ul style="list-style-type: none"> Install and maintain fire fighting equipment machinery Carry out fire drills regularly Monitor worker exposure using personal occupational hygiene sampling devices Provide local exhaust ventilation to limit exposure to toxic emission such as SO₂, CO and H₂SO₄ mists. ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED EAST AFRICA SUBMARINE CABLE SYSTEM (EASSY) PROJECT TELECOMMUNICATION TRAFFIC FROM AFRICAN COUNTRIES (BETWEEN SOUTH AFRICA AND SUDAN) AND LINK TO THE REST OF THE WORLD

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed East Africa Submarine Cable System (EASSY).

The EASSY Submarine Fibre Optic Cable extends from about 189km offshore (at 2,300m depth) to landfall in Mombasa. The cable will be laid in deep water by a special cable laying vessel and from about 10 km. offshore will need to be buried in the sand, by process called "ploughing". The cable will pass through the main channel entrance to Mombasa, up to Todor Creek and come to land at a location adjacent to Fort Jesus on Mombasa Island, where an existing cable conduit is found. From here, the cable will run through to the Telkom Kenya premises at Telephone house at the City Center through underground cables.

The project anticipates the following impacts and mitigation measures.

<i>Possible impacts</i>	<i>Mitigation measures</i>
1. Marine ecology	<ul style="list-style-type: none"> • Control of sediment disturbance. • Minimizing disturbance to associated marine life. • Minimizing the timing and extent of the works. • Monitoring during cable laying to ensure the areas identified are protected from impacts as far as possible. • Restoration of the damaged areas as quickly and as possible.
2. Terrestrial ecology	<ul style="list-style-type: none"> • Minimize the time and extent of disturbance. • Avoid carrying out works in wet or windy conditions. • Erect barriers to stop drift during works if necessary. • Control of degradation during construction within dunes.
3. Fisheries	<ul style="list-style-type: none"> • Inform the relevant parties not less than 30 days before the project commence, so that they can inform the local fishing industry. • Provide the relevant parties with the planned route co-ordinates for comment. • Notify the relevant parties of the period of installation. • Include personnel who can communicate with local fishermen.
4. Dust	<ul style="list-style-type: none"> • Avoid excavation during dry windy conditions. • During dry seasons, vehicle use and speed will be minimized. • Stockpiles of dry loose material will be covered with tarpaulin and secured. • Watering down the dusty areas will be practiced where necessary to reduce

Possible impacts	Mitigation measures
	<p>blown dust.</p> <ul style="list-style-type: none"> • Where the wind direction results in dust blown towards sensitive receivers, barriers will be reserve.
5. Noise	<ul style="list-style-type: none"> • Use of quieter methods and equipment for works. • Reducing the time for equipment use. • Minimizing concurrent operation of several noisy items of equipment. • Use of barriers to protect nearby sensitive receivers from works. • Reducing traffic onsite.
6. Waste	<ul style="list-style-type: none"> • Separate waste into recyclable and non-recyclable sections if recycling is an option. • Store disposable wastes in one area and regularly remove from site. • Designate areas for eating and sanitary facilities and manage appropriately. • The works area should be restored to its original state after works are completed.
7. Run off	<ul style="list-style-type: none"> • Carry-out work outside of wet seasons as far as possible. • Where run-off is likely to occur, establish a drainage system that allows run-off to enter depressions and settle. • Manage the settlements areas to avoid overflows. • Cover areas of stockpiled materials.
8. Cultural heritage	<ul style="list-style-type: none"> • Identify the type of impact. • Evaluate the degree of impact. • Assess whether the impact can be avoided e.g. relocating the cable or using different cable laying methods. • Where avoidance is uncertain or impossible, a specialist in the relevant area should be contacted.
9. Landscaping/visual	<ul style="list-style-type: none"> • Minimize the time and extent of the works. • Maintain a tidy site. • Change to the Terminal Station buildings, if required, should be designed and excavated with consideration to the surrounding visual. • Where trees and other vegetation are removed or impacted, they will be replaced and restored to the original conditions after the works are completed.
10. Social	<ul style="list-style-type: none"> • Avoid involuntary resettlements or at least maintain good communication with the interested groups and stakeholders of the project. Social Groups include: Fishermen, Shipping Authorities, project Permitting authorities, other utility companies, environmental groups, general public and especially residents in the area of the cable route, security related groups. • Maintenance of Good Communication.
11. Shipping	<ul style="list-style-type: none"> • The shipping authority will be prepared to issue a coastal warning to ship to keep clear off the area for duration of the project activities.

INVESTIGATIONS COVERING THE PERIOD 1ST APRIL 2008 TO 30TH JUNE, 2008

KACC/AT/INQ/17/2006

Inquiry into an allegation that Mavji Construction Company Ltd, which had been contracted by the National Social Security Fund to put up a thirty three storied building along Monrovia-Mokhtar Daddah Streets in Nairobi was overpaid. The project was to be a commercial project comprising of four basement parking floors, one ground shopping floor, two mezzanine floors, one podium floor and twenty five typical floors. The agreed cost was KSh. 3,181,468,427.70. The project was however later scaled down by NSSF and the twenty five floors were done away with. The works were practically completed on 23rd June, 2003 and the cost was KSh. 2,791,090,291.13. This amount was arguably close to the amount that was to complete the 33 storied building.

The investigation however established that the KSh. 3,181,468,427.70 did not include the cost of demolition of the existing buildings; nor did it include the cost of geotechnical survey. The Contractor was also required to do shoring and propping of the sides of the excavated site because of the dangers of collapse brought about by *el nino* rains and the bomb blast. Further, the contractor moved to the site on time but NSSF delayed in signing the contract document. Also when NSSF decided to restructure and scale down the project, it took one year to reach a final decision on the alterations. Thus claims arising from the restructuring of the project together with contractual claims from delayed payments of certified claims escalated the costs despite the scaling down of the project. The investigation therefore established that the escalated costs of the project was largely occasioned by the actions of NSSF and were not occasioned by the fault of the contractor.

The file was forwarded to the Attorney-General on 24th June, 2008 with the recommendation that the file be closed. Advise of the Attorney-General is awaited.

KACC /FI/INQ/34/2006

Inquiry into allegations of abuse of office against the former Managing Director of Kenya Pipeline Company Ltd (KPC) in irregularly committing the KPC to a joint venture agreement with The Gas Company Ltd resulting in a loss of KSh. 300 Million to KPC in terms of equity contributions and other outgoings. Investigations established that although the joint venture initiative was approved by the Government of Kenya, contributions made by KPC to the joint venture account were misappropriated by the former Managing Director and a Director of The Gas Company Ltd who were the signatories thereto. It was also established that some pieces of land that were purportedly contributed to the joint venture by The Gas Company Ltd were irregularly excised from public land that had already been alienated by the Kenya Airports Authority as part of the land on which Moi International Airport Mombasa is situated.

The file was forwarded to the Attorney-General on 25th June, 2008 with the following recommendations:

- (a) that the former Managing Director of Kenya Airports Authority and the former Commissioner of Lands be charged

- with abuse of office for directing the surveying and directing the issuance of letters of allotment respectively, of the land belonging to Kenya Airports Authority;
- (b) that the former Managing Director of KPC be charged with breach of trust by a person employed in the Public Service;
 - (c) that a Personal Assistant to the former President and two of his companies be charged with obtaining by false pretences;
 - (d) that The Gas Company Ltd and its director together with the former Commissioner for Lands and the Managing Director of Kenya Airports Authority be charged with conspiracy to defraud.

Advise of the Attorney-General is awaited.

KACC/FI/INQ/29/07

Inquiry into allegations that Kenyatta National Hospital lost more than KSh. 4 Million arising from disobedience of a Court order and the consequent liability to the decree holder and the attaching auctioneer. Kenyatta National Hospital had contracted Countryside Suppliers Ltd for the supply, delivery and installation of window curtains, patient's bedside screens and patient's bedside lockers. A dispute arose between KNH and Countryside Suppliers and an arbitrator was engaged who ultimately awarded the said Company KSh. 129,936,778.84. KNH arranged to pay the amount in instalments. In the meantime, the freight company that airlifted the consignment of curtains and lockers on behalf of Countryside Suppliers Ltd from Dubai to Nairobi sued the said Company for failure to pay the freight charges totalling to KSh. 5,095,000. A judgment was awarded and decree was finally issued to the freight Company. The freight company later obtained garnishee orders entitling it to attach debts owed to Countryside Suppliers by KNH. Investigations further established that KNH challenged the garnishee orders in Court but its application failed. KNH therefore had to pay the sums owed by Countryside Suppliers to the freight company in accordance with the garnishee order and thereafter recovered the said sum together with auctioneer's charges from the sums due to Countryside Suppliers Ltd. The investigation did not establish any wrong doing on the part of KNH.

The file was forwarded to the Attorney-General on 20th June 2008 with the recommendation that the file be closed. Advise of the Attorney-General is awaited.

KACC/FI/INQ/35/2007

Inquiry into an allegation that the Provincial Applied Technology Officer (PATO) based in Embu had mismanaged public funds from an AIE allocation of KSh. 6.5 Million for the Department of Micro and Small Enterprises Development (MSED) for the Financial Year 2005/2006. The investigation established that the Provincial Applied Technology Officer together with a Jua Kali Inspector attached to the PATO's office had embezzled the money meant for the MSED projects in Embu District by receiving money for goods that were not purchased and or supplied to the said projects.

The file was forwarded to the Attorney-General on 25th April 2008 with a recommendation that the PATO and the Jua Kali Inspector be charged with eleven counts of fraudulent acquisition of public property and the PATO be charged with an additional count of careless failure to comply with law relating to procurement. The recommendation was accepted on 2nd July 2008.

KACC/AT/INQ/11/2006

Inquiry into allegations that a public road in Majengo Estate of Mombasa Municipality had been irregularly subdivided into plot numbers Mombasa/Block XVI/610 to 619 and allocated to private developers Awadh Saleh Said and Said Saleh Said. Investigations revealed that the said parcels of land were a subdivision of an older block title known as Section XVI/10/M.I (Mombasa Island) initially owned by one Farouk Saleh Nguru. The same was later registered in the names of M/s Awadh Saleh Said and Said Saleh Said as proprietors in common in equal shares. It was clear from the evidence that, over time, the said parcels of land were leased out to several tenants who proceeded to build and settle on the land with the consent of Mr. Nguru and his family and provisions of roads and other open spaces was made in a layout plan lodged with the Municipal Council of Mombasa sometimes in 1973. Following an intervention by the Government, the tenants were settled on the land on a willing-buyer-willing seller basis. It was at this stage that Mr. Nguru and his family subdivided portions previously marked as roads and open spaces under

a new subdivision scheme which largely adopted the 1973 scheme. It was noted that the subject road was never surrendered to the Government or the Municipal Council of Mombasa as a public road and the entire parcel of land remained under one title in the names Awadh Saleh Said and Said Saleh Said. The disputed "road" formed part of private land which cannot be investigated or recovered by the Commission as public property under section 7(h) of the Anti-Corruption and Economic Crimes Act, 2003. Nevertheless some anomalies which raised serious doubts as to the accuracy, fidelity and completeness of every survey done by a private surveyor, were noted. The issues arising were referred to the Land Surveyor's Board to establishing whether the said private surveyor or any other licenced surveyor was guilty of professional misconduct and take appropriate disciplinary action as empowered by section 17 of the Surveyors Act (Cap 299, Laws of Kenya).

The file was forwarded to the Attorney-General on 5th June 2008 with the recommendation that the file be closed. Advise of the Attorney-General is awaited.

KACC/FI/INQ/15B/2005

Inquiry into an allegation that Kisii Municipal Council paid over KSh. 1.5 Million to M/S Zafora Insurance Brokers Limited for an insurance cover for its vehicles for the period 1996/7, but the company did not issue a policy with respect to the cover, occasioning loss of money to the Municipal Council. The investigation established that the Insurance Brokers were indeed paid the money by the Council, but did not forward the same to the Insurance Company which was to avail the insurance cover. Documents relating to payment however could not be traced and hence the evidence available was not adequate to support criminal charges in Court.

The file was forwarded to the Attorney-General on 20th June 2008 with the recommendation that the file be closed. Advise of the Attorney-General is awaited.

KACC/FI/INQ. 10/105

Inquiry into allegations that the former Minister for Finance had abused his office by irregularly exempting M/S Kinondo Holdings Ltd from payment of stamp duty amounting to KSh. 814,000. Investigations established that after the former Minister received the request for exemption, he assigned the matter to a Deputy Secretary who sought the Attorney-General's legal advice as to whether the case qualified for stamp duty waiver. A State Counsel in the Attorney-General's Chambers advised that the waiver could be granted under Section 106(1) of the Stamp Duty Act as the Section does not provide criteria for waiver. However, the Section of the law relied upon by the State Counsel was repealed way back in 1994 and the new provision required that the Minister should be satisfied that it was in the public interest to grant any waiver. The investigation also established that the Act does not outline any procedure as to how the Minister should determine public interest. In view of the wrong advice and the lack of guidelines on what amounts to public interest, the investigation did not disclose any wrong doing on the part of the former Minister.

The file was forwarded to the Attorney-General on 29th April 2008 with the recommendation that the inquiry file be closed. Advise of the Attorney-General is awaited.

KACC/ INQ.34(A)/03

Inquiry into an allegation that the Company Secretary of Nzoia Sugar Company Limited had manipulated the minutes of Tender Committee meeting to favour M/S Agriquip Agencies (EA) Ltd in the purchase of three turbine rotors. The investigation established that the Company Secretary was not in the two meetings of the Management Tender Committee which deliberated on the issue. There was also no evidence that the Company Secretary had any interest in the Company that was awarded the tender.

The file was forwarded to the Attorney-General on 4th April 2008 with the recommendation that the file be closed. The recommendation was accepted on 23rd June 2008.

KACC/FI/INQ/27B/2007

Inquiry into allegations that a Construction Company colluded with Government engineers to get payment for shoddy work done on the Garissa-Dadaab Road Spot Improvement Gravelling Project. Investigations established that the work undertaken on the road was shoddy due to poor supervision by the Resident Engineer, who has since died. The Resident Engineer did not provide transport to his staff

and this compromised supervision. With regard to the allegation that there was excess payment to the contractor, the investigation revealed that the Contractor had not yet submitted the final certificate, yet issues of any overpayment can only be conclusively addressed after a final certificate has been issued.

The file was forwarded to the Attorney-General on 10th June 2008 with the recommendation that the same be closed. Advise of the Attorney-General is awaited.

Investigation established that the offer was made to the investigators and in a subsequent trap operation, the suspect gave KSh. 1,000,000 to the investigators. The suspects were arrested and charged with offering and giving a benefit contrary to Section 39(3)(b) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Attorney-General on 4th April 2008 with the recommendation that though the Chief Procurement Officer had already died, the case against the proprietor of Kenya Auto Electrical Company be prosecuted to its logical conclusion. The Attorney-General on 19th June 2008 rejected the recommendation to prosecute and instructed that the case against the proprietor of Kenya Auto Electrical Company be withdrawn and the file be closed.

The investigation established the offer had been made to the officers, but the suspect did not hand over the money as he became suspicious a trap had been laid to arrest him.

Inquiry was as a result of information received by the Commission to the effect that Police officers attached to Mito- Andei Highway Traffic were collecting bribes from motorists and were using two parallel cash bail books. Investigations revealed that the officers were stopping motor vehicles. A search conducted on the officers and their residences revealed that one of them had KSh. 94,000 hidden under his

fridge and he could not explain the source of the money. He also had a parallel cash bail book which had seemingly been used concurrently with official cash bail book. He was charged with corruption but was subsequently acquitted by the Court. Investigation on the issue of cash bail book revealed that the officer was not required to use a parallel cash bail book and the same was obtained under suspicious circumstances. The conduct of the officer violated the Force Standing Orders.

The file was forwarded to the Attorney-General on 6th June, 2008 with the recommendation that administrative action be taken against the Officer by the Commissioner of Police. Advise of the Attorney-General is awaited.

It was alleged that the officers were taking bribes of between KSh. 1,000 and KSh. 5,000 per lorry depending on the excess tonnage. The lorry drivers are then allowed to proceed with their journey without being arrested. The investigation, which included video taped evidence, revealed that the officers routinely received bribes from lorry drivers and some of them were found with cash whose source they could not explain. The amount ranged from KSh. 41,170 to KSh. 19,000. Another officer was found with foreign currency including dollars, sterling pounds and Tanzanian Shilling. The five officers were charged with the offence of corruption before the Kericho Anti-Corruption Court.

THE INDUSTRIAL COURT OF KENYA

CAUSE NO. 81 OF 2001

Parties:

KENYA UNION OF VOLUNTARY ASSOCIATIONS TRADE UNIONS AND ALLIED ORGANIZATIONS

AND

KENYA UNION OF THE BLIND

Issues in Dispute:

- (a) Termination of Rugo-ini Wandi Stoni.
- (b) Retrenchment of John Mkono Mwenje, Bernadette Chego, Ibrahim [Redacted], Alex Ochola Osalo, Samuel Mulwa, Francis [Redacted] Kavyanyu, Salome Mandela Otolu, Lois Muthoni [Redacted] and James Kimuyu Nzioka.

1. The Kenya Union of Voluntary Associations Trade Unions and Allied Organizations shall hereinafter be referred to as to the Claimants and Kenya Union of the blind shall hereinafter be referred to as the Respondents.

2. This dispute was heard ex parte in Nairobi on 27th February and 1st October 2002 respectively. The ex parte hearing was done by the Claimants who relied on their written and verbal submissions. The Respondents failed make an appearance in Court despite several warnings.

3. The Minister for Labour referred this dispute to the Industrial Court for consideration and determination on 22nd August, 2001 in exercise of the powers vested in him by section 8 of the Trade Disputes Act Cap 234 Laws of Kenya. The reference, together with the Statutory Certificates signed by the Ministers for Labour and the Labour Commissioner were received by the Court on 27th August, 2001.

Background:

The respondents are a voluntary Membership Organisation of the Blind people in Kenya and they have an operation agreement with the Swedish Organisation of the Handicapped International aid foundation for its financing among other well wishers.

The one grievant Mr. Ruo-ini Stoni whose services were terminated on 1st August, 1996 was employed as a night watchman on 10th April, 1986 with a consolidated wage of KSh. 3,000 while the other nine grievants were engaged in employment on diverse dates and their occupations and salary differed from one employee to the other. They were all declared redundant on 1st December, 1995.

SUBMISSION BY THE CLAIMANTS

The Claimants submitted that one of their member who was a night watchman used to work from 5.30 p.m. to 8.00 a.m. the next day for seven days a week without any compensation for overtime or Public Holidays worked up to 1st August, 1996 when his contract of service was terminated on allegation that he was not committed to his work.

The Claimants further averred that this dispute arose when they served the Respondents with a check off list and draft memorandum or Recognition Agreement which they declined to accept and sign.

The Claimants had no option but to report this matter to the Minister for Labour culminating the termination of Ruo-ini Wandi Stoni and the redundancy of the other nine grievants.

The Claimants submitted that the termination and mass redundancy were as a result of the grievants association with the union for the purpose of obtaining recognition and negotiating a CBA which the Respondents wanted to defeat. The Recognition dispute was pending with Minister for Labour.

The Claimants told the Court that their members were qualified to be deducted statutory contributions towards N.S.S.E as stipulated by the Funds Act which the Respondents had failed to do, and the Respondents are financially sound since they get support from the Swedish Organisation of the Handicapped International aid Foundation (S.H.I.A.) whose Aid Programme Officer did visit the Respondents offices in 1995 and 1996 and expressed the foundation's continued support for the Respondents with the staff getting good salary and enjoying better terms and conditions of service.

The proposal of workers better terms by the S.H.I.A. Foundation representative, did not augur well for the Respondents management hence they decided to resort to the mass redundancy without following the laid down procedure.

The Claimants further submitted that the Respondents were adamant and that is why they did not attend the Court during the mention and even during the hearing of this dispute. They prayed the Court to uphold the Minister's finding and recommendation and any benefits that the Court may deem just to Award.

AWARD

The Court has carefully considered the Claimants submission both verbal and written and the EPD report and awards that the nine (9) grievants be paid redundancy benefits as recommended by the Ministry of Labour in the investigators report. Such benefits to be worked out by the C.I.R.O.

Mr. Rugo-ini Wandi Stoni should be paid normal terminals benefits in accordance with the law. The Court further awards that he should also be paid two months salary by way of compensation for wrongful termination.

The Kenya Union of Employees of Voluntary and Charitable Organizations, represented by Mr. O. B. Otieno, shall hereinafter be referred to as "the Claimant" and the Tailors and Textile Workers Union represented by the Reverend Joel K. Chebii, shall hereinafter be referred to as "the Respondent".

The parties were heard in Court at Nairobi on the 22nd November, 2006 and 6th March, 2007. They relied on the written memoranda and their representatives made oral submissions in support of their respective cases.

AWARD

This dispute was referred to the Court by the Minister for Labour in exercise of powers conferred by section 8 of the Trade Disputes Act, Cap 234, hereinafter referred to as "the Act". The letter of reference together with the requisite statutory certificates, being Forms G and H issued by the Labour Commissioner and the Minister for Labour under the provisions of section 14 (9) (e) and 14 (9) (f) of the Act respectively, were received by the Court on 29th April, 2005.

The matter was listed for mention in Court before the Hon. Mr. Justice Jaffer on 23rd May, when directions on filing of Memoranda were given. These directions were subsequently varied on divers dates in order to accommodate the parties who were unable to comply with the initial directions.

The Claimant had filed its initial Memorandum of Claim on 19th May, 2005. The Respondent filed its Memorandum of Reply on the 26th July, 2006. The Claimant filed a Reply to Respondent's Memorandum on 8th November, 2006.

In their initial Memorandum of Claim, the Claimant avers that it is a trade union representing employees of the Respondent Union. The Claimant avers that it executed a recognition agreement with the Respondent on 25th July, 2002. It is contended for the Claimant that after execution of the recognition agreement, the Claimant filed with the Respondent issues in dispute for consideration and negotiation of a collective agreement but that the Respondent failed and/or neglected to communicate with the Claimant. The Claimant accordingly reported the dispute to the Minister for Labour who appointed a conciliator. According to the Claimant, the Respondent failed to attend all conciliation meetings as invited, and hence the reference of the dispute to the Court for adjudication and determination.

This is an interesting dispute where a trade union has a dispute with another trade union. The Claimant Union representing employees claiming, that the Respondent Union, which is the employer, has failed to negotiate and conclude a collective agreement, which would provide

for terms and conditions of employment for the unionisable workers employed by the Respondent Union. It is an interesting dispute because a trade union, which should be concerned with the welfare of its workers, has allegedly refused and/or failed to provide for terms and conditions of employment of its own workers. The Court has considered the written memoranda and the oral submissions made by the representatives of the parties during the hearing of the dispute. It is observed that it is a very sad state of affairs that since 2002 when a recognition agreement was executed, it has not been possible for the parties to negotiate and conclude a collective agreement. It is also observed that the parties have been unable to agree on a single item in dispute, and the Court agrees with the representative of the Claimant Union that it is the Respondent/employer/union who have persistently refused or neglected to agree. The same attitude was evident during the proceedings in this Court when the Respondent would fail to attend Court without sufficiently good reasons for a considerable period. It is also noted that the Respondent has not made any offers to the proposals made by the Claimant.

The Claimant Union has made proposals or demands of the terms and conditions of employment it wants incorporated in the collective agreement. It argues that the Respondent is in a position to meet and/or satisfy the proposals. It is the case for the Respondent that it cannot satisfy the demanded terms and conditions due to poor financial performance. The Court in order to get a more independent version of the economic aspect of the dispute requested the Economic Planning Division (EPD) of the Ministry of Labour to study the Memoranda, consult the parties and to prepare a report on analysis of the issues.

The Court will then proceed to analyze the issues in dispute and in addition to the written memoranda and oral submissions by the parties place reliance on the EPD report, and then award accordingly. It should be observed that the Respondent also informed the Court that it had no objection to the demands of the Claimant on non-monetary issues. On clause 1, the Claimant had proposed the introduction as follows:

(a) This Memorandum of Agreement shall supersede the existing terms and conditions of service, and shall apply to all unionisable employees.

(b) On engagement, every employee shall be given a copy of this agreement, and will be required to sign a certificate accepting its conditions.

This proposal is considered to be a reasonable provision, and there being no objection on the part of the Respondent it is awarded as demanded.

Clause 2—Period of Agreement:

The Claimant is demanding that the commencement date of the agreement be 1st May, 2002, and have a duration of four (4) years. It was also proposed that either party may give to the other sixty (60) days notice before 1st May, 2006 of intention to extend or amend any clause.

The Court has considered the submissions made by the Claimant in support of this demand. However it is noted that the commencement date proposed is long gone. The lifetime of most collective agreement is two years. Even the proposed expiry date proposed of 1st May 2006 is also long gone.

The Court awards that the commencement date of the Collective Agreement be 1st January, 2006 and expiry to be 31st December, 2007. Either party may give to the other notice of sixty days before 31st December, 2007 of intentions to extend or amend the agreement. The Court agrees with the condition that discussing of proposed amendments shall commence not later than three (3) months before expiry of the agreement. It is also a reasonable condition that where parties are negotiating, this agreement shall remain valid pending the finalization of the negotiations. It is therefore awarded as proposed by the Claimant Union.

Clause 3—Probation:

The Claimant Union has proposed that a worker employed on regular contract of employment to serve on a three (3) month probation. During the probationary period, the contract may be terminated on notice of one (1) month or pay in lieu thereof. It is also proposed that a worker terminated during the probationary period be paid service benefits of four (4) days for each month worked. This is

considered a reasonable proposal and since there is no objection by the Respondent is awarded as demanded.

Clause 4—Hours of Work:

The Claimant proposed that the working week shall consist of thirty five (35) hours spread over five days from Monday to Friday. It is also proposed that a working day should comprise of seven (7) hours.

This is considered a reasonable demand, and as there is no objection from the Respondent is awarded as demanded.

Clause 5—Overtime

The Claimant has demanded that an employee be paid overtime worked as follows:

(a) In excess of thirty five (35) hours, at the basic rate plus 50%.

(b) On rest day and public holiday, at the basic hourly rate plus 100%

(c) Method of calculation to be:

Basic Salary = hourly rate

151.6 hours

This is considered a reasonable demand and it is awarded as demanded.

Clause 6—Medical Treatment:

The Claimant had demanded that medical treatment be provided to all workers at the cost of the management as required by the Employment (Medical Treatment) Rules, Legal Notice No. 157/1977.

This demand is considered reasonable, as it is a requirement of the law. It is awarded as demanded.

Clause 7—Allowances:

The Claimant has demanded provision of several allowances:

(a) Housing allowance at 45% of the basic wage. This demand is excessive bearing in mind that the law, in the *Regulation of Wages (General) Order* provides for 15% of the basic wage. In order to encourage parties to negotiate, the Court considers the demand and awards that employees be paid 18% of the basic salary as housing allowance for the duration of this collective agreement.

(b) Drivers allowance—

(i) Every driver who works in excess of thirty five (35) hours be paid allowance of KSh. 15,000 as overtime. The Court observes that there is already a provision for overtime. This demand is considered as without merit and is rejected. The drivers should be paid allowance as is provided for in clause 5 on overtime.

(c) Safari/Subsistence Allowance:

It is demanded that for employees required to work away from area of their normal workstation, an allowance of KSh. 3,000 per day to cover meals and over night accommodation. The demand for an allowance is reasonable since the employer should finance employees while working away from their normal stations. However due to the plea that this is an initial collective agreement and considering the plea by the Respondent of its financial performance, the court awards KSh. 2000 for this initial subsistence allowance for the duration this collective agreement.

(d) Leave Traveling Allowance:

The Claimant demands that all unionisable employees proceeding for annual leave be entitled to KSh. 3500.

The Court has considered this demand, and the financial performance of the Respondent and considers that KSh. 2000 is reasonable amount for this allowance. It is so awarded. In case of termination before completion of twelve (12) months, the Claimant has demanded that a terminated employee be entitled to 75% of leave traveling allowance. The demand is reasonable and is awarded.

(e) Acting Allowance:

The Claimant has demanded that acting allowance be paid to an employee appointed to act to perform duties of a higher post. It is demanded that the qualifying period for payment of Acting allowance shall be one (1) day.

This demand for Acting Allowance has been considered. The Court awards that the qualifying period for acting allowance be fourteen (14) days.

The Claimant has demanded that every employee held up in the office on duty up to 6.00 p.m. shall be provided with transport by the management. This demand is awarded subject to the amendment that it is an employee who is held beyond 6.00 p.m. in the office on duty, he shall be provided with transport.

The Claimant has demanded payment of allowance called Field Miguu for every messenger, collector, organizer and Disputes and Industrial Relations Officers, and the amount proposed is KSh. 5,000 per month. The Claimant has not established any justification for this allowance and therefore the Court rejects the demand.

The demand of payment of allowance of KSh. 4,000 to KSh. 6000 and KSh. 9,000 per month to be paid as recruitment, organizing and Public Relations to certain employees such as collector, Disputes Officer and Economist/Research and others is considered to have been made without any basis being laid for it, and the Court rejects this demand.

Clause 8—Leave:

The Claimant has listed demands on certain categories of Leave such as Annual Leave, Maternity, Sick, Accumulated and Compassionate leave.

Since the Respondent stated that it has no problem with non-monetary issues, and the demands appear reasonable, the demands are awarded as made.

Clause 9—Termination of Employment:

The Claimant has made specific proposals on termination of employment. There is no response from the Respondent except the general statement that it has no problem with non-monetary issues. The demands by the Claimant has been considered and found to be reasonable. The Court awards them as made.

The same to apply to the demands on termination by Death and Redundancy and on retirement and testimonial. The same are awarded as made.

The Claimant has demanded that where an employee is to be transferred to another workstation he shall be given prior written notice of three (3) months. It is also demanded that he be given appropriate cost of travel for the employee, family and belongings from original place of residence to the new place of residence. There is an additional demand of subsistence at the daily rate of KSh. 3,000 for a single employee to KSh. 12,000 for a married employee. This demand is reasonable but is awarded subject to the amendment that the appropriate cost of travel is from the present place of residence to the new place of residence; and the daily rate of subsistence is KShs 2000/- for all employees for sixty (60) days.

Clause 11—Training and Promotion:

The Claimant had demanded that the management will give consideration to a qualified employee and shall facilitate attendance of training/seminar locally and internationally. There is the additional demand that an employee who passes prescribed examinations shall be organised and subject to availability of suitable vacancy shall be considered for promotion. This is a reasonable demand and it is accordingly awarded.

Clause 12—Rest days:

The Claimant herein demands Saturdays and Sundays shall be rest days as shall be all gazetted Public Holidays, which shall be with full pay.

This demand is reasonable and is accordingly awarded as demanded.

Clause 13—Warning System:

The Claimant's demands under this head amounts to a reiteration of the provisions in the *Regulation of Wages (General) Order*. The demands are reasonable and are awarded as made; that is—

(a) If an employee commits any misconduct, he/she shall be charged, being given in writing the particulars of the charges, then he/she shall be given a hearing in the presence of a union representative at the shop floor with recorded and signed minutes thereof.

(b) If the employee is found guilty, he/she shall be given a written warning and a copy thereof given to the shop steward.

(c) (i) If within a period of twelve (12) months, the employee has not committed another misconduct, that warning has expired and therefore shall be removed from that employee's personal file, and no reference shall be made thereto.

(ii) If the employee continues to commit misconducts and has been charged, heard and warned up to four times within a period of twelve (12) months, this will be a cause for termination, and the management shall have the right to apply Clause 9 (a) of this agreement.

Clause 14—Injury:

The Claimant has demanded that the provisions of the Workmen's Compensation Act shall apply to any employee who sustains an injury in the course of employment.

The demand is in accordance with the requirements of a written law and is considered reasonable and is accordingly awarded as demanded.

Clause 15—Uniform /Protective Clothing:

The Claimant has demanded that the management shall provide required uniform/Protective clothing to security staff, messengers, drivers, cleaners, tailoring instructors and Artisans. It is also demanded that the management provide enough shoe polish, detergents and bar soaps every calendar month.

This is a reasonable demand and is accordingly awarded.

Clause 16—Seniority Increment/Progression:

The Claimant had demanded there be a basic salary increment progression every year of between KSh. 200 to KSh. 1000 for employees who have 2 years up to 10 years of service.

This demand has monetary implications and needs to be considered very carefully. It is noted that the EPD did not consider this item. There is no basis provided by the Claimant and the Court considers that this item be negotiated by the parties during the subsequent collective agreement. The demand is rejected at this time.

Clause 17—Basic Minimum Wages:

The Claimant has demanded that basic salaries be pegged as:

Job Grade A. from KSh. 4000 to KSh. 6500.

Job Grade B from to KSh. 6800.

Job Grade C from KSh. 8600 to KSh. 17,500

Job Grade D from to KSh. 19,000

Job Grade E from KSh. 16,000 to KSh. 21,000.

Job Grade F from up to KSh. 24,500

Job Grade G from up to KSh. 26,800

There was no basis laid by the Claimant to support this claim. According to the EPD, the Respondent has improved the basic minimum wages and some cadres which were below the statutory minimum are now being paid as provided by the General order.

This being the first collective agreement, it is directed that all employees be paid in accordance with the current General Order with effect from the commencement of this collective agreement, and any arrears due to be paid within six (6) months of this award. In the premises the demands made by the Claimant are modified accordingly.

Clause 18—General Wage Increase:

The Claimant has demanded that all employees receive general wage increase with effect from 1st May, 2002 for a 4 year period of 150% for the lowest paid and 50% for the highest paid per year. The EPD report noted that the parties had not concluded any collective agreement and that there is no compensation period as provided for in the Wages Guidelines 2 (1). The Claimant contends that the Respondent is able to pay because it raised membership subscription from KSh. 65 by 2.5% from the year 2001, and that it runs the Institute of Tailoring and cutting which charges fees. This contention has been challenged by the Respondent who claim that most factories employing its members have closed down and this means decreased membership. This has been admitted with qualification by the Claimant. The Respondent has maintained that the Institute has accumulated debts in arrears of salaries for the staff who operate it. Even if the Claimant has maintained that the arrears have arisen due to lack of proper management by the Respondent, there was no sufficient proof that the Respondent is in a position to pay and sustain the General Wages increase as demanded by the Claimant.

In this regard, the Court holds that there be a moratorium or freeze of wage increase during the period of this collective agreement. The demand is thus rejected.

The Court notes with concern that the employees of the Respondent have not enjoyed the benefits of a collective agreement. The Respondent is hereby reprimanded for its intransigence and refusal to negotiate but punishing the employer for this laxity may not be in the best interests for the employment of the workers. The situation can only be remedied by expeditious negotiation and conclusion of the collective agreement.

The Court hereby directs the parties to negotiate and conclude a collective agreement in accordance with the provisions of this award and have it registered in accordance with the law within ninety (90) days. The Labour Commissioner to appoint and designate a suitable senior labour officer to have this exercise carried out expeditiously.
