5. The successful allottee of a plot shall pay to the Commissioner of Lands within thirty (30) days of notification that his/her application has been successful, the stand premium and proportion of the annual rent together with conveyancing, stamp duty, registration fees, contributions in lieu of rates, roads and drains charges and survey fees. In default of payment within the specified time, the Commissioner of Lands may cancel the allocation and the applicant shall have no claim to the plot.

General Conditions

1. The grant will be made under the provision of the Government Lands Act, and title will be issued under the registration of Titles Act (Cap. 281).

2. The grant will be issued in the name of the allottee as given in letter of application and will be subject to the special conditions set out below.

3. The term of the grant will be for ninety-nine (99) years from the first day of the month following the issue of the letter of allotment.

Special Conditions

1. No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the local authority. The local authority shall not give approval unless it is satisfied that the proposals are such as to develop the land adequately and satisfactorily.

2. The grantee shall within six (6) calendar months of the actual registration of the grant, submit in triplicate to the local

authority plans (including block plans showing the positions of the buildings and systems of drainage for the disposal of sewage, surface and sullage water) drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall, within twenty-four (24) months of the actual registration of the grant, complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the local authority:

Provided that notwithstanding anything to the contrary contained or implied by the Government Lands Act, if default shall be made in the performance or observance of any of the requirements of the condition it shall be lawful for the municipal council or any person authorized by the municipal council to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term created shall cease but without prejudice to any right of action or remedy of the municipal council in respect of any antecedent breach of any condition herein contained.

3. The grantee shall maintain in good and substantial repair and condition all buildings any time erected on the land.

4. Should the grantee give notice in writing to the council that she/he/they is/are unable to complete the buildings within the period aforesaid the municipal council shall (at the grantee's expenses) accept a surrender of the land comprised herein:

Provided further that if such notice as aforesaid shall be given—

(a) twelve (12) months of the commencement of the term of the grant, the municipal council shall refund to the grantee 50 per cent of the stand premium paid in respect of the land; or

(b) at any subsequent time prior to the expiration of the said building period the municipal council shall refund to the grantee 25 per cent of the said stand premium; or

(c) in the event of notice being given after the expiration of the said building period no refund shall be made.

5. The land and buildings shall only be used for one private dwelling house.

6. The buildings shall not cover a greater or lesser area of land than that laid down by the local authority in its by-laws.

7. The land shall not be used for the purpose of any trade or business which the local authority considers to be dangerous or offensive.

8. The grantee shall not subdivide the land without prior consent in writing of the municipal council and the Commissioner of Lands.

9. The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any buildings thereon except with the prior consent in writing of the municipal council and the Commissioner of Lands. No application for such consent (except in respect of a loan required for building purposes) will be considered until special condition No. 2 has been performed.

10. The grantee shall pay to the local authority, on demand, such sums as the local authority may estimate to be proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven (7) days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

11. The grantee shall from time to time pay to the local authority on demand such portion of the cost of maintaining all roads and drains serving or adjoining the land as the local authority may assess.

12. The grantee shall pay such rates, taxes, charges, duties, assessments or out-goings of whatever description as may be imposed, charged or assessed by any government or local authority upon the land or the buildings erected thereon including any contribution or other sum paid by the local authority to the municipal council in lieu thereof.

13. The municipal council or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions whether overhead or undercover and the grantee shall not erect any buildings in such a way as to cover or interfere with any existing alignments of main or service pipes or telephone or telegraph wires and electric mains.

14. The local authority reserves the right to revise the annual rental payable hereunder after the expiry of thirty-third (33rd) and sixty-sixth (66th) years of the term granted. Such rent will be at the rate of 4 per cent of the unimproved freehold value of the land as assessed by the Commissioner of Lands on behalf of the local authority.

GAZETTE NOTICE No. 2065

THE INDUSTRIAL COURT

CAUSE NO. 86 OF 1985

Parties:

Kenya Union of Commercial Food and Allied Workers
and
Mukurueini Farmers Co-operative Society Limited

Issues in dispute:

Wages.

House Allowance.

THE Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the claimants and Mukurueini Farmers Co-operative Society shall hereinafter be referred to as the respondents.

2. The parties were heard in Nairobi on 18th April, 1986, and relied on their written and verbal submissions. Previously the hearing of the dispute was scheduled for 27th February, 1986, but the parties applied for adjournment in the hope that they might settle it.

AWARD

3. The Notification of Dispute Form "A" dated 18th May, 1985, duly signed by the parties, was received by the court on 21st August, 1985 together with the statutory certificate signed by the Labour Commissioner.

The respondents are a farmers co-operative society and are situated in Nyeri District of the Central Province of Kenya.

The respondents employ a labour force of 364 employees and deal mainly with coffee marketing. The respondents have over 13 sub-societies namely Ruarai, Kagunyi, Mutitu, Muthuthini, Tambaya, Igutha, Kanyiriri, Ichamara, Ndiani, Gatura, Thunguri, Mweru and Thangathi. The dispute arose as a result of the claimants attempts to negotiate a collective agreement with the respondents.

Wages

The claimants stated that the respondents paid salaries below the general order which is Legal Notice No. 72 of 1980. Despite the fact that they were cautioned about it, they (the respondents) seemed to take no heed to improve the situation. The claimants had further pointed out that the area in which these societies operated fell under grade I coffee growing area and the turn-over is very high which necessitated payment of fair salaries to the workers.

The claimants in trying to prove their point gave the following figures:

Year	Turn-over
KSh.	
1981-82	47,624,000
1982-83	60,355,000
1983-84	107,253,000

The claimants, therefore, argued that it is fair that the workers be compensated as follows:

Grade	Increase percentage
I	30
II	25
III	25
IV	20
V	20

The claimants further proposed the following minimums to be given to employees as starting scales depending on job groups which are:

Grade					
Job Grade I	—Messengers	600
	—Watchmen	600
	—Unskilled labourers	600
Job Grade II	—Stores clerks	900
	—Junior clerks	900
	—Copy typists	900
Job Grade III	—General clerks	1,000
	—Drivers, medium cars	1,000
	—Assistant factory manager	1,000
	—Mechanic grade III	1,000
Job Grade IV	—Mechanic grade II	1,200
	—Society book-keeper	1,200
	—Lorry driver	1,200
	—Factory manager	1,200
	—Assistant stores supervisor	1,200
	—Assistant cashier	1,200
Job Grade V	—Mechanic grade I	1,300
	—Cashier	1,300
	—Credit secretary	1,300
	—Stores supervisor	1,300

The claimants pointed out that the small wage increase given to the workers were without their knowledge despite the fact that the claimants were ready to participate in negotiations.

The claimants further referred to the latest date for the revision of wages which was 1st April, 1981. They stated that since then up to 1st April, 1984, the wage earners' cost of living indices have gone up as shown in the report of the D.M.P.D.

TABLE I
"The Rise in the Cost of Living from April 1981 up to April 1984"

Income Group	Cost of Living Index (COL)	Percentage Rise in Cost of Living	Percentage (%) Applicable Max. Ceiling (₹)
(a)	(b)	(c)	(d)
Lower ..	205.9 310.1	50.6	38.0
Middle ..	178.9 289	61.8	46.3
TOTAL ..	192.4	56.2	42.2
AVERAGE ..	299.8		

Note.—Employees fall within the lower and middle income groups.

According to the cost of living indices and the wage guidelines, a maximum ceiling, the employees are entitled to a total average of 42.15 for the two (2) years period of the agreement or an average of 21.07 per year.

The respondents stated that they cannot make any offer on the wage increases as they cannot afford any additional liability on top of their current financial obligations. However, they had in 1983 and 1984 reviewed the wages and given the workers increases of 5 per cent each year.

The respondents went on to say that although the results of the turn-over of sale of coffee was very high it has been loss situation as shown below:

Year	KSh.
1981	(1,022,707)
1982	(1,939,171)
1983	730,338
1984	(1,517,151)
	()—indicate a loss

The respondents pointed out that there was only a small profit made in 1983 as there had been some working capital in the year 1982. The respondents stated that when the parties were negotiating, they were and are still in the same loss situation and are burdened with several loans amounting to about KSh. 23 million for which the principal and interest have to be paid hence they could not and still cannot make offers for wage increases or housing allowance. The respondents requested the court to note that whereas the dispute seems to have taken very long as alleged by the claimants, the workers got the increases mentioned above. In these circumstances, the respondents ask the court to retain the *status quo* and reject the claimants demand.

Housing Allowance

The claimants asked the court to note that the respondents pay house allowance to graded staff only such as factory managers and main clerks in the head office, but not to the rest of the employees as it is alleged that they come from their homes in the vicinity. The claimants demanded that as some of the workers are transferred from their locations which are far away, there is need for paying housing subsidy. Furthermore, it is spelt out in the Employment Act, for employers to pay house allowance. The claimants, therefore, made the following demand as house allowance:

Job Group	House Allowance	KSh.
I		200
II		250
III		300
IV		350
V		400

The respondents in reply rejected this demand as this would cripple them and, moreover, as it is a member's co-operative society there is very little they can do to make them pay such allowances.

The court has carefully considered the issue of general wage increases and is satisfied that all unionizable employees of the respondents were granted 5 per cent wage increase for the year 1983 and a further 5 per cent increase for 1984, respectively. The increases reveal that the workers' wages and salaries have been revised upwards twice as required under the wages guidelines.

The court also, after careful consideration of the points raised by the parties in this dispute and in consideration of the financial situation of the co-operative society in question has decided to make the following award in order to ensure smooth operations at the respondents undertaking without prejudice to the workers' right.

The court accordingly awards that the respondents should grant their employees an additional wage increases of 3 per cent for the first year and a further 3 per cent increase for second year of the agreement.

The court awards that all the unionizable employees who are currently not receiving any house allowance should be given a housing allowance of 15 per cent of their basic minimum wages starting with the second year of the collective agreement.

Dated the 9th May, 1986.

THE INDUSTRIAL COURT

CAUSE NO. 124 OF 1985

Kenya Union of Commercial Food and Allied Workers

and

Kenya Canners Limited

Parties:

Issues in dispute:

Wages.

Housing.

Leave Travelling Allowance.

Safari Allowance.

Second Shift Allowance.

Duration of Agreement.

Cashier Allowance.

Terms and Conditions of Service and Fringe Benefits for Seasonal Employees.

THE Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the claimants and Kenya Canners Limited shall hereinafter be referred to as the respondents.

2. The parties were heard in Nairobi on 10th February, 1986, 26th March, 1986 and 1st April, 1986, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 16th July, 1985, duly signed by the parties was received by the court on 16th October, 1985, together with the statutory certificate signed by the Labour Commissioner.

The respondents are situated in Thika Sub-division of Kiambu and Murang'a of the Central Province.

The respondents, have for the past 20 years, invested approximately 1.6 billion shillings and this investment helps in the economic development of Kenya. Their product which is pineapple, is sold mainly in the open international market where it competes with the low-price products from countries like Thailand, Phillipines and Ivory Coast. The respondents in their submissions stated that the introduction of export compensation scheme has enabled them to sell their product in the international market where products from countries mentioned in this award are selling at prices lower than that of the respondents by between 15 per cent and 20 per cent.

The respondents employ a work force of about 4,393 unionizable employees in both cannery and plantation. They grow and process pineapples.

The court noted that the respondents are not solely foreign owned business but have government participation in this industry through the Development Finance Company of Kenya and other local Kenyans are also shareholders.

The area in which the respondents are located has relatively dry climate making it necessary for them to maintain a very intensive irrigation operation in their plantation. This includes construction of dams and maintenance of existing ones.

The claimants' proposal for the revision of the collective agreement under review was received by the respondents on 13th July, 1984, after the respondents had written to them on 7th June, 1984. Negotiations commenced on 3rd September, 1984, and continued at the parties' own level up to 20th September, 1984, the claimants reported the existence of a trade dispute to the Minister for Labour who appointed a conciliator to deal with the dispute.

The claimants stated that the previous three (3) years' collective agreement between the parties covered the period October 1981 and expired at the end of September 1984. The dispute arose as a result of revising that agreement.

The claimants' latest written submission withdrew nine items listed previously as being in dispute. The court has now to arbitrate on remaining eight issues listed hereunder:

Wages

While presenting their demands of 21.25 per cent wage increase per year, the claimants rejected the wish of the respondents for a three-year contract as they maintain that the respondents are financially able to pay the workers the full amount due to workers under the wages guidelines. The claimants wanted the respondents to realize that the purchasing power of employees has been very much eroded by the high inflation throughout the country.

The claimants further argued that the cost of living for middle income and upper income group had risen considerably and if they have to go by the figures as observed by the D.M.P.D. they would be:

(a) Lower Income Group

Cost of living rise, October 1981 up to September 1984, 48 per cent.

Due compensation by way of wage and other labour cost items, 36.5 per cent up to 48 per cent, that is, full compensation allowed.

(b) Middle Income Group

Cost of living rise, October 1981 up to September 1984, 56.7 per cent.

Due compensation by way of wage and other labour cost items, 42.5 per cent. The claimants further stated that they had applied the middle income group which is more appropriate income group for the majority of the employees affected by this dispute.

The claimants are, therefore, demanding 21.25 per cent increase for the first year of the agreement and a further 21.5 for the second year. The demand, thus, amounts to 42.5 per cent for a two-year agreement.

The respondents stated that very often the claimants look negatively about profits investors make without first thinking of the benefits gained by their members as a result of such investments. Looking at their wage progression over the years it cannot be said that the respondents have not paid attention to the wage development of their employees.

The cannery section in which employees covered by the agreement under review do work, maintains a work force of 2,043 people who, if paid at the current basic rates, would earn about KSh. 24,661,827, and an overtime of about KSh. 6,178,359 per year. When other monetary items are taken into account, the total cost would be approximately KSh. 40,202,654 per year.

Looking at the indices period, October 1981 to September 1984, the respondents find that the cost of living for each income group has risen by the following figures:

Lower Income Group—48.6 per cent.

Middle Income Group—56.7 per cent.

Upper Income Group—51.8 per cent.

The average permissible percentage compensation, as per current wage guidelines, would be 39.2 per cent. This would generally mean that the compensation should be 13.07 per cent per year for a period of three years. However, considering the total payroll cost and other related expenses, which have already been mentioned, the respondents would not be able to absorb full percentage compensation.

The respondents further stated that the actual total wages paid to the employees covered by the parties' agreement as at the end of September 1984, was KSh. 26,635,799. This would increase the wages bill by KSh. 5,660,107 against the respondents' offer of KSh. 2,929,938 (11.5 per cent) for the first year. The increase for the 2nd year, according to the claimants' demand, would be KSh. 6,862,880 against the respondents' offer of KSh. 2,365,259 (8 per cent) and the respondents' offer of 9 per cent for the third year would be KSh. 3,132,430. In brief, the claimants demand for a duration of two years would cost the respondents KSh. 12,522,987 which is to be paid out immediately against the respondents' offer of KSh. 8,427,627 for a period of three years out of which the sum of KSh. 5,295,197 is to be paid out immediately as the effective date is 1st October, 1984.

Housing

The claimants are demanding house allowance as quoted hereunder:

- (i) KSh. 300 per month for employees earning up to KSh. 1,300 per month.
- (ii) KSh. 400 for employees earning between KSh. 1,300 and 1,800 per month.
- (iii) KSh. 500 per month for employees earning over KSh. 1,800. The claimants highlighted the high rents paid by the workers in that area.

The respondents argued that the current agreement provides for a housing allowance of KSh. 190 per month which totals KSh. 1,301,880 per year. During their negotiations with the claimants, the respondents offered 10 per cent increase on the existing allowance to bring it to KSh. 209 per month. This offer remains as has been indicated above for the life of the agreement.

The respondents would like to go further and propose that any employee who declines to accept or who decides to move

out of the company house without any reasonable cause or the management approval should not be entitled to the housing allowance.

Leave Travelling Allowance

The claimants demanded that employees should be paid more for travelling whilst on leave to enable them not only to go to their original homes but to undertake domestic tourism, that is being encouraged throughout the country.

The claimants proposed that—

- (i) employees earning up to KSh. 1,300 be paid KSh. 450 by way of leave travelling allowance;
- (ii) employees earning between KSh. 1,300 and KSh. 1,800 per month be paid KSh. 550; and
- (iii) employees earning over KSh. 1,800 per month be paid KSh. 650.

The court noted that in all cases the claimants are demanding more than double the current rate.

In accordance with the D.M.P.D. report on this subject of 2,000 unionizable employees benefit from this scheme as demanded by the claimants, it will cost more than KSh. 3,000,000 which would have to be spent on this item in addition to the current expenditure each year. This will be less than 0.5 per cent of the current annual wage bills.

The respondents argued that the intention of leave travelling allowance is to enable an employee to travel to his/her home for rest and back to the place of work. The claimants' demand for an allowance between KSh. 600 and KSh. 1,000 is unrealistic because it is not based on any fact.

The respondents, therefore, propose that the current rate of KSh. 150 be increased by 10 per cent to bring it to KSh. 165 per year.

Safari Allowance

The claimants demanded a substantial increase on safari allowance to enable an employee to have a decent meal while away from his base.

The respondents pointed out that the offer of the following rates, that is, KSh. 17.50 for breakfast, KSh. 22.50 for lunch and KSh. 22.50 for dinner compared well to the current rates of KSh. 15 for breakfast, KSh. 20 for lunch and KSh. 12 for dinner. They maintain that their offer is reasonable.

Second Shift Allowance

The claimants demand KSh. 1.50 per hour for second shift allowance. They consider workers who do night shifts are being inconvenienced from normal activities and should, therefore, be adequately compensated.

The respondents pointed out that this issue had, under Cause No. 34 of 1977, been brought up and rejected. However, the parties, during their subsequent negotiations, had discussed it and agreed that it be paid at the rate of twenty cents per hour and not KSh. 20 as stated by the claimants. This allowance as the claimants are also aware, does not in any way contribute to improved productivity. It is simply a recognition of night work.

Duration of Agreement

The previous collective agreement between the parties have been for the period of three years.

The claimants argued that the escalating cost of living calls for a two-year contract as outlined in Wages Guideline No. X.

The respondents replied that the parties, for many years (since 1962), have been negotiating and concluding agreements on the basis of three-year duration and the practice is not in conflict with the wages guidelines. Further, the parties' experience with the three-year agreement has not created any problems for the last 24 years.

The claimants demand for a two-year duration of the agreement would mean that the rise in cost of living for the last three years is to be compressed into two years and that the duration for the new agreement itself would be just about to expire by the time the award is given. This demand was unfair and not acceptable to the respondents. Therefore, the respondents strongly submit that the duration should be maintained at three years from the date the new agreement comes into force.

Cashier Allowance

The claimants are demanding that clerks assigned to special work on some days before the pay day or mid-month advance be paid and enhanced cashier allowance. It was noted that

every department is requested to realize a number of their clerks to assist the payroll people in packing employees' wages in pay packets at the bank. On the pay day, these employees work in the bank until all the money has been packed and records are reconciled. Because of working in the bank without break, each one of these employees is paid a lunch allowance.

The claimants feel that the current payment is inadequate and does not compensate the worker for performing risky duties. They demanded a cashier allowance of 4 per cent of the total money handled per cashier per day.

The respondents replied that there is no justification for the respondents to pay any extra allowance to the employees who have no risk or extra responsibility to claim. The work is done under the supervision of the payroll master and the money is guarded by the respondents' security personnel and the armed police until the payout is completed.

The respondents submitted that the claimants' demand should be rejected.

Terms and Conditions of Service and Fringe Benefits for Seasonal Employees

The claimants are demanding that seasonal employees having acquired special skills needed by the respondents for most of the time should be paid an element of house allowance together with their wages regularly. There is no reason to deny them this benefit.

The claimants, therefore, demand payment of 50 per cent of the monthly house allowance to seasonal employees. The respondents objected to the change of policy. They recalled that seasonal employment started at the beginning of June 1969, as an experiment up to 31st May, 1970. Initially 140 seasonal workers were recruited from casuals who were already working as seasonal workers. At that time their rate of pay was 80 cents per hour and they enjoyed no other terms and conditions of employment until 1971. To date, there are about 1,400 seasonal workers paid at the current rate of KSh. 4.52 per hour.

The reason for introduction of this system was to enable the respondents to cope up with the pineapple seasons without having to recruit casuals at the beginning of each season or when need arises. There is no doubt that the claimants are completely aware of the problems that may be created by weather conditions. Even with their present irrigation systems, the respondents would not be able to produce enough pineapple to keep the seasonal workers occupied throughout the year.

Seasonal labour is basically employed to perform only those jobs that immediately arise from harvested fruit, that is, processing and packing. Their services are no longer required once the fruit is processed.

They cannot be guaranteed full time employment for it is impossible to do so in such a seasonal activity and this is the reason why the parties saw the need to agree on a special agreement for such workers.

The respondents went on to say that through negotiations, the parties have fixed the terms and conditions of seasonal employees including their benefits which are pro-rated according to an agreed formula. The formula is based on the number of days a permanent employee is supposed to work in a year, that is, (working days only).

The court notes that the parties have agreed on the effective date of the collective agreement in dispute to be 1st October, 1984. They are, however, not agreed on the duration of the said agreement with the claimants demanding it to be two years and the respondents insisting that it should continue like in the past for three years. Since millions of shillings are involved in this dispute which would accrue to the workers by way of arrears in view of the aforesaid effective date the duration period assumes a great importance. In this connection the court would like to refer to wages guideline No. 10, where it is suggested the level of remuneration of any one section of workers should not be reviewed more than once every 24 months. This guideline was subsequently amended and it was then provided that whilst the court should continue to adhere to the principle that remuneration clauses should be binding for at least two years it should not object to arrangements whereby the parties voluntarily agree to review the agreement after one year provided that the revision conforms with guideline 4. This guideline was further clarified and it provides for voluntary revisions after one year of a two-year agreement only after the total wage increases during the life of the agreement do not give compensation for price increases up to the limits specified under guideline 4.

It is obvious that, generally the agreements are expected to be of a two-year duration although the parties with their own agreement are free to negotiate for longer periods.

The court has decided that the fairest way to move towards a two-year duration period since the parties have always had three-year duration would be to this time have a duration period of 30 months and the next collective agreement then can have a two-year duration period. The court, therefore, awards that the duration period should be 30 months from 1st October, 1984.

Keeping this duration period in mind, the court has decided to award workers wage increases every ten months beginning with the agreed effective date. The court has, carefully, considered the various submissions put forward by the parties and the heavy financial implications involved and has come to conclusion that the workers are entitled to their full compensation under the guidelines. The Division of Manpower Planning and Development analysis confirms that due compensation by way of wage and other labour cost items for the middle income group which applies to the respondents' employees would be 42.5 per cent. The court, therefore, awards that the workers should get wage increase as follows:

With effect from 1st October, 1984—10 per cent on wages as at 30th September, 1984.

With effect from 1st August, 1985—14 per cent on wages as at 31st July, 1985.

With effect from 1st June, 1986—18.5 per cent on wages as at 31st May, 1986.

Since the current monetary cost is approximately KSh. 40 million per year it is obvious that the arrears which the respondents will have to pay for the first 20 months of the collective agreement would be enormous and the court, therefore, rules that such arrears should be paid by the respondents in two equal instalments commencing end of May 1986 and end of June 1986.

The last wage increase effective from 1st June, 1986 of 18.5 per cent should be paid on 31st July, 1986.

House allowance

The court having decided to strictly abide by the wages guidelines in this case awards that the current house allowance of KSh. 190 per month should be increased by 20 per cent as per the relevant wages guideline. The court has noted that the current cost of house allowance is KSh. 1,301,880 per annum.

Leave travelling allowance

The court awards that the current leave allowance of KSh. 150 annually should be increased to KSh. 180.

Safari allowance

The court awards as follows:

	KSh.
Breakfast	17.50
Lunch	25.00
Supper	27.50
Night allowance	75.00

Second shift allowance

The court awards that the present rate of 20 cents per hour be increased to 35 cents per hour.

Cashier allowance

The court awards the present rate of KSh. 20 per payout to be increased to KSh. 40 per payout.

Terms and conditions of service and fringe benefits for seasonal employees

Currently, the seasonal employees are entitled to pro-rated fringe benefits as follows: medical benefits, maternity leave, annual leave, leave travelling allowance. The claimants now demand that the following fringe benefits should also be included in the above list: house allowance, severance pay on redundancy, retirement benefits (service benefits).

The court has carefully considered this demand and finds that it should not make any award on this item in the present dispute and would urge the parties to seriously review this demand during the next round of negotiations.

Dated the 23rd April, 1986.

GAZETTE NOTICE No. 2067

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM. No. 6 (in duplicate) together with a fee of KSh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

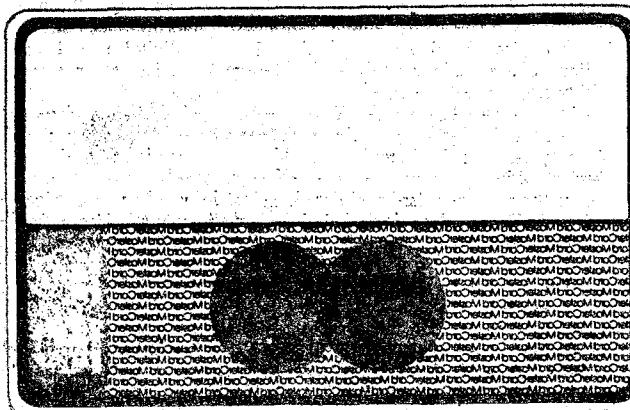

Where it is stated in the advertisement of the applicant that the mark, upon its registration is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representation of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.
