GAZETTE NOTICE NO. 1224

THE INDUSTRIAL COURT CAUSE NO. 90 OF 1986

Parties:

Kenya Building, Construction Civil Engineering and Allied Trades Workers Union
 and
 Parkash Building Construction Ltd.

Issues in Dispute:

Hours of work, wages, increase to existing unaffected employees and house allowance.

THE Kenya Building, Construction Civil Engineering and Allied Trades Workers Union shall hereinafter be referred to as the claimants and Parkash Building Construction Ltd. shall hereinafter be referred to as the respondents.

2. The parties were heard in Nairobi on 29th January, 1987, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 8th July, 1986, duly signed by the parties was received by the court on 10th September, 1986, together with the statutory certificates signed by the Labour Commissioner and the Minister for Labour.

The respondents are a small family construction company set up in 1965 and are based at Thika and are engaged mainly in construction of small residential houses, factories and some minor repairs. They currently employ 15 permanent employees and some casuals who come and go.

The claimants told the court that the respondents were once members of the Kenya Association of Building and Civil Engineering Contractors with whom the claimants have both recognition and collective agreements on behalf of their members. The claimants further pointed out that by virtue of being a member of the association the respondents were implementing the said collective agreement. The claimants further informed the court that problems started brewing in 1982, when the respondents decided to withdraw from the association and immediately decided to stop paying wages contained in the association collective agreement. The claimants told the court that they were of the opinion that the decision of the respondents to pull out of Kenya Association of Building and Civil Engineering Contractors was to deny their members their rights and benefits. The claimants stated that the respondents opted to pay their workers according to the rates of wages specified in the Building and Construction Industry Wages Order, Legal Notice No. 11 of 1980, which had less and unfavourable wage rates and benefits than those specified in the association collective agreement.

The claimants further added that they concluded a formal recognition agreement with the respondents in 1985 and thereafter, they submitted their proposals on wages and other terms and conditions of service to them. The claimants continued to tell the court that originally they had thirty-two (32) items contained in their proposals and that attempts to get these items settled with the respondents proved difficult as the respondents were recalcitrant to negotiate, and they had no alternative but to report a formal trade dispute to the Minister for Labour. During conciliation they managed to settle all items with the respondents except the four (4) items now before the court.

Hours of Work:

The claimants want hours of work reduced from the present 50 hours per week to 45 hours per week. The reason advanced was that construction work is heavy and tiring and, therefore, workers should work less hours per week.

Wages:

The claimants told the court that the rise in the cost of living had eroded the purchasing power of the workers and

therefore the workers need reasonable increases to offset high prices of various commodities and, therefore, they demanded 40 per cent wage increase for two (2) years effective from 1st May, 1985.

Increase to existing Unaffected Employees:

The claimants told the court that their demand under this item was the same as above, that is, 40 per cent for two (2) years, effective from 1st May, 1985.

House Allowance:

The claimants told the court that the rents of houses in Nairobi and other municipalities like Thika have gone up tremendously and, therefore, the workers deserved reasonable increases as follows:

- (a) Those earning KSh. 700 per month, should get KSh. 250 per month as house allowance.
- (b) Those earning KSh. 701 to KSh. 2,499 per month, should get KSh. 350 per month as house allowance.

The claimants ended their submissions by asking the court to award as per their demands.

The respondents briefly informed the court that it was true that they were once members of the Kenya Association of Building and Civil Engineering Contractors. They, however, pulled out of the association as they did not see any usefulness in being its member. The respondents also pointed out that despite their withdrawal of the membership from the association they did not decrease the wages or other benefits and that they had been giving workers an increase of 10 per cent every year. The respondents submitted that their wages are more or less the same as that of the Kenya Association of Building and Civil Engineering Contractors. The respondents pleaded that they are a small family business and unable to secure more contracts to generate finances to enable them to pay to the workers as per claimants' demands, and they would like to be left to continue paying the present wages.

The respondents ended their submission in court by making the following remarks on each item in dispute as follows:

Hours of Work:

The respondents told the court that they have agreed with the claimants on this issue to reduce the number of working hours from 50 to 45 hours per week and they have already implemented it.

Wages, Increase to Existing Unaffected Employee and House Allowance:

The respondents pleaded that they are unable to offer any wage increases to the workers and these existing unaffected workers and also were unable to increase the house allowance as demanded by the claimants. The respondents submitted that their inability to offer anything was because of shortage of finance and that they have not been able to secure new contracts to enable them to generate funds to enable them to meet the claimants' demands. The respondents requested the court to reject the claimants' demands.

The court has carefully considered the parties submissions and awards as follows:

Hours of Work:

As the respondents' employees are working 45 hours per week since the introduction of 5-day week there is no dispute on this item any more.

Wages:

The court awards a wage increase of 10 per cent per year to the respondents' monthly employees with effect from the agreed effective date provided that the second year wage increase will be worked out after the first year wage increase has been added to the workers' wages.

Increase to Existing Unaffected Employees:

The court makes a nil award on this item.

Housing Allowance:

The court awards an increase of KSh. 30 per month on the existing house allowance with effect from the agreed effective date.

Given at Nairobi on the 11th March, 1987.

Judge.

GAZETTE NOTICE NO. 1225

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM. No. 6 (in duplicate) together with a fee of KSh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

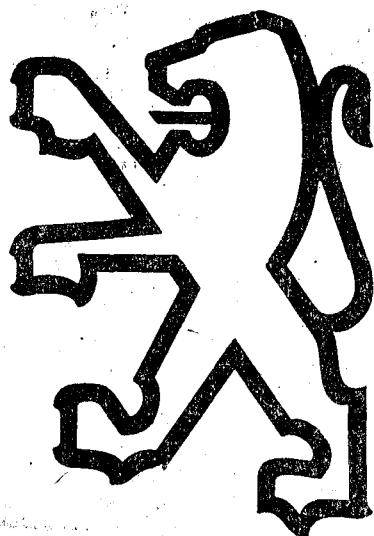

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B prefixed to the official number.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) The *Kenya Gazette* contains notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the notice or Act, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible and contain a minimum of alterations.

Particular attention should be paid to the following points:

- (i) Signature must be clarified by means of rubber-stamping or typing the name of the signer in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D.14.(1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 12 noon, on Tuesday of the week that publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the *Gazette*.

(2) It will facilitate work at the Press if Permanent Secretaries will forward *Gazette* notices to the Government Printer when ready."

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
