The petition of Eliud Matu Wamae presented the 17th December, 1979.

The petitioner applies for leave to withdraw his petition upon the following ground:

"After great deal of deliberation I have come to the conclusion that my not pursuing the several genuine grievances and irregularities set out in my petition in the spirit of "Nyayo" and "let bygones be bygones" will contribute towards restoring unity and goodwill amongst the electorate which after the last election has been riddled by acrimony and bitterness and I believe that in the larger interest of the Mathira Constituency, its development and progress, I will be rendering some service by withdrawing my petition."

And the petitioner prays that a day may be appointed for hearing his application.

## GAZETTE NOTICE NO. 854

MINISTRY OF AGRICULTURE  
LAND DEVELOPMENT DIVISION  
GENERAL NOTICE NO. AGRIC/I/1980

IT IS notified for general information that after a careful review of the current personnel and machinery hire charges used by the agricultural mechanization service of this Ministry, a revision has been prepared to be applied with effect from the 1st April, 1980.

The revised charges have been prepared on a single application form, called "Application for Agricultural Mechanization Services" and referred to as Form LDD/April/1980. This form now combines the former Tractor Hire Service charges and the soil conservation service charges.

All the agricultural mechanization service jobs started before 1st of April, 1980, will be charged on the old rates, while all the jobs started on and after this date will have to be applied afresh on the revised application form, and will be charged on the new rates.

In order that an applicant of the agricultural mechanization services may be programmed, he or she may apply for the services at the nearest agricultural mechanization station, or at his District Agricultural Office. The Permanent Secretary of Agriculture requires that the applicant completes and signs the application form detailing the types of services required and the mode of payment.

It is important to note that all the revised mechanization charges will be on per hour basis while the transport and personnel charges will be on per kilometre or daily rates respectively. The personnel rates are fixed whether the services are hired for a full day, or part of the day.

Acreage rates have also been provided to be used only in case of problems in applying hourly rates.

C. R. J. NYAGA,  
*Head of Agricultural Mechanization Branch.*

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.
