We have audited the above accounts which have been prepared under the historical cost convention and on the basis of the accounting policies set out below. We have obtained all the information and explanations which we considered necessary for our audit.

## RESPECTIVE RESPONSIBILITIES OF THE DIRECTORS AND AUDITORS

The directors are responsible for the preparation of the accounts. Our responsibility is to express an opinion on the accounts based on our audit.

## BASIS OF OPINION

We conducted our audit in accordance with generally accepted auditing standards. We planned and performed our audit so as to obtain a reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of significant estimates and judgements made by the directors in the preparation of the accounts, and whether the accounting policies are appropriate in the Bank's circumstances, consistently applied and adequately disclosed.

## OPINION

The profit for the year ended 30 June 1996 has been ascertained in accordance with section 9 of the Central Bank of Kenya Act.

In our opinion proper books of account have been kept and the accounts which are in agreement therewith, give a true and fair view of the state of affairs of the Bank at 30 June 1996 and of the results of its operations for the year to that date and comply with the requirements of the Central Bank of Kenya Act

GAZETTE NOTICE NO 5481

## THE TRADE MARKS ACT

(Cap 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM No 6 (in duplicate) together with a fee of KSh 1,500 (local application) or US\$ 75 (foreign application)

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration is to be limited to certain colours, the colours are as far as possible indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, Posta Sacco House, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B prefixed to the official number.
