MINISTRY OF FINANCE
NOTICE

TAX INQUIRY

AT the request of the Ministry of Finance, Uganda Government and on his temporary release by the Government of India, the United Nations have appointed Mr. F. H. Vallibhoy, a Senior Commissioner of Income Tax in India, as a Public Finance (Taxation) Expert and seconded his services to the Government of Uganda for a year.

2. His terms of reference are:—

The Expert will be required to undertake a comprehensive survey of the tax system, particularly income tax and graduated tax, with special reference to the need to develop a system which will take account of the East African Common Market and which will be simple to administer, in harmony with African social conditions, and conducive to economic growth.

3. The Kenya and Tanganyika Governments which were consulted regarding Mr. Vallibhoy's assignment have also expressed an interest in the outcome of the inquiry.

4. Representations are invited from interested persons in Kenya, with special reference to the simplification of the law and administration of income tax.

5. With regard to income tax, general views and suggestions will be appreciated on all the different aspects of this direct tax structure. The topics which may be covered may include the administrative set-up, the procedures of assessment, collection and appeals, the distribution of the income tax burden between individuals and companies, tax incentives and capital deductions admissible to industries for the economic development of the East African territories, the taxation of income arising in and outside East Africa to residents and non-residents, the rate structure and personal allowances, the introduction of a Pay-As-You-Earn Scheme, taxation of undistributed profits of private companies, ascertainment of total income, exemption of certain income from levy of tax, evasion and avoidance of tax, taxation of dividends and of co-operatives and any other views on this important direct tax levy.

6. In addition, views and proposals would be welcome on other direct taxes which are considered necessary in some countries with a view to achieving an integrated tax structure as well as augmenting the revenue of the state. These other direct tax levies include excess profits tax, capital gains tax, estate duty, gift tax, wealth tax and expenditure tax.

7. Though the present inquiry is mainly with regard to direct taxes, views will be also appreciated on indirect taxes such as Customs, Excise and Export Duties which are obtaining at present in Uganda, Kenya and Tanganyika (including Zanzibar). The rate structure and procedures of assessment, collection and appeals, the possible extension of these levies to more items and commodities, the increase or reduction in the rates of duties, any other suggestions may also be referred to in the notice. It will be also appreciated if thought is given to

the levy of other direct and indirect taxes such as land revenue, municipal, profession, property and registration taxes, sales tax or purchase tax and other levies which are prevailing in some of the developing and advanced countries of the world as an instrument of economic policy and valuable sources of revenue for the public exchequer.

8. As the study and inquiry has to be completed within a short time it is requested that memoranda should be submitted on or before 15th August 1964, after which date it may not be possible to consider the views received. It is proposed to issue a detailed questionnaire after the receipt of the memoranda to certain individuals, trade associations and other bodies. On account of the nature of the inquiry and the short time available it will not be possible to record any oral evidence.

9. Memoranda should be addressed to Mr. F. H. Vallibhoy, Public Finance (Taxation) Expert, c/o the Ministry of Finance, P.O. Box 103, Entebbe, Uganda.
