OBITUARY.

It is with deep regret that the death is announced of Captain Hook of blackwater fever at

the Hospital Mombasa on the 30th June.

He served in the 3rd. Battalion Queen's Royal West Surrey Regiment from 1893-1896 when he was appointed to the Lagos Constabulary. After two years service in Lagos he was invalided home. In 1902 he was appointed Captain in the 6th Battalion Royal Warwickshire Regiment, and afterwards entered the service of the Egyptian Government in the Department of Public Markets.

Resigning his position in Egypt he came to East Africa and on the 17th February 1905 was appointed Jailor of the Mombasa Jail and on the 23rd of the same month Deputy Governor. His service on the West Coast had seriously undermined his constitution and he

was unable to withstand a severe illness.

Though he had only been a short time in Mombasa he was rapidly winning the friendship and esteem of all and by his death the Protectorate loses an efficer of great promise.

M. Rouvier is encountering unexpected difficulties in selecting a Foreign Minister and an Ambassador Meanwhile Count Tattenbach is strengthening Germany's position and has obtained valuable concessions, including the right to construct a new port at Tangier.

The text of the Russian reply to America was published in St. Petersburg, and has evoked general

Reuter's Agent at Washington states that all communications to St. Petersburg and Tokio with regard to the meeting pass through Washington. It is also believed that General Linievitch and General Oyama in the Far East will sign an armistice to pave the way for the Conference at Washington.

It is understood that M. Rouvier in view of the serious nature of the German pressure and the real anxiety in French political circles regarding Germany's real intention in Morocco hesitates about refusing to agree to a Conference over the dispute and this is in spite of the emphatic assurance from England that she will give her full support to the French policy.

Owing to drenching rain the second test match has been abandoned.

Russian Foreign Office denies that any exchange of views has occurred in connection with the pro-

posed armistice.

The "Temps" in an article says that Mr. Lowther's refusal to adhere to the proposed International Conference with regard to Morocco is based on instructions given to him prior to M. Delcasse's resignation and declares that Great Britain is bound by the "Entente Cordiale" not to embarass France.

Sir Charles Hardinge has called Count Lamsdorff's attention to the sinking of the "St. Kilda" pointing out the gravity of the situation arising out of such incidents asked for reparation and that immediate steps should be taken to render a repetition impossible. Count Lamsdorff has promised to refer the matter to the

Minister of Marine.

General Linievitch reports that the Japanese who occupied Liaoyang woping consisted of a Division of

Infantry 30 Squadrons of Cavalry and 4 Batteries of Artillery.

The Japanese Minister at Washington has informed Mr. Roosevelt that the Japanese Plenipotentiary can reach Washington by the first of August and therefore if this is acceptable to Russia, the Conference can be convened for about this date.

JUNE 21st.—It is understood that England is prepared to follow the lead of France should the latter accept a Conference with regard to Morocco. It is pointed out that Great Britain only refused Morocco's invitation and addressed no communication to Germany, thus the solution is simplified.

Replying to a question in the House of Commons Mr. Balfour stated that the Government had taken steps with regard to the sinking of "St. Kilda" by a Russian cruiser immediately the news arrived, that steps with regard to the sinking of "St. Kilda" by a Russian Governments, and that His Maiestv's June 22nn.—The Swedish Parliament has been opened. he discussed.

from the Tsar's speech and has induced gloomy forebodings.

the day and up to noon 18 more had been shot or wounded.

The Moroccan Question is engrossing the attention of France and public opinion is turning more and more towards England. The Conservative Deputy Delepose has caused a sensation by publishing an article in the "Feho de Paris" advocating a defensive alliance with England. An amnesty Bill pardoning Deroulède and other political exiles will be introduced into the Chamber to-day. It is understood that the German answer to the French Note will be presented in a few days but the German Ambassador will discuss the purport of same with M. Ronvier before its arrival. The impression now prevails that France has no cause for apprehension and that a pacific solution of the dispute is still possible.

JUNE 29TH.—It is the general feeling that the sting has been taken out of the Moorish question by the conciliatory tone of Germany's reply. Lloyd's Agent at Odessa telegraphs that all work in the port has been stopped owing to the crew of a battleship in the roads having mutinied and murdered her officers. The crew have also threatened to

bombard the town.

Reuter's Agent at Odessa states that the battleship that has mutinied is the "Kniaz Potemkin," that the mutiny was due to the Commander having ordered a sailor to be shot for presenting a petition from the crew for better food. The crew at once attacked the officers and it is believed murdered several. Yesterday morning the sailors bore the body of their comrade ashore where bareheaded crowd of strikers and others received it and viewed the corpse amid interest and excitement. The Police and Cossacks attempted to disperse the crowd who resisted and some fighting ensued.
