1. EACC/KSM/FI/INQ/01/2023

Inquiry into Allegations of Embezzlement of Public Funds And Abuse of Office By Siaya County Government Officials, during The Assumption of Office of The Governor in August, 2022, Through Irregular Payments of Imprests Amounting to KSh. 22 Million.

The Commission received a complaint that in August, 2022, the Siaya County Government formed an Assumption of Office Committee to oversee the smooth handover to the new regime, and that there was a withdrawal of KSh. 22 million, from the County Accounts, but the same was not utilized towards the assumption of office activities. Instead, the amount was wired to accounts of some individuals who were serving in the assumption of office committee and eventually embezzled.

Investigations established that the imprest holders were all from the Department of Governance and Administration, Finance and Economic Planning. Further, the imprest approvals were facilitated by the Chief Officer for Governance, who had knowledge that the Department of Assumption of Office did not have a budget for the activity. Thirteen (13) imprests were taken by some officers of the Siaya County Government to facilitate the activities of the inauguration. However, investigations established that most of the documents attached to the imprest warrants, including payment schedules, were fictitious, some of the imprests were similar, and the beneficiaries denied receiving the money. The investigation established that the action of the officers who received the imprest purportedly for the Assumption of Office activities resulted in a loss of KSh. 9,680,000.

On 30th March, 2026, a report was compiled and forwarded to the DPP with recommendations to charge the, Chief Officer- Governance and Administration, Chief Officer- Finance, Accountant; Department of Trade, Accountant Department of Finance, Office administrative Assistant in the Department of Governance, Accountant, Revenue section, Office Administrative Assistant department of Governance, Administrative Assistant in the department of Lands, Clerical Officer Treasury Department, Secretary in the Office of Chief Officer Governance, Office Administrative Assistant, Department of Finance,

Inquiry into Allegations of Conflict of Interest and Abuse of Office Against the Majority Leader and MCA for Ahero Ward in Kisumu County by Influencing Award of Tenders to Brace Logistics Limited, Totaling to KSh. 35 Million Related to Flood Disaster Mitigation Project in Kisumu County Government

The Commission received a report on allegations of conflict of interest and abuse of office against the Majority Leader of Kisumu County Assembly. It was alleged that he was awarded contracts by the said County related to flood disaster mitigation projects that were within Ahero Ward, through his company, Brace Logistics, amounting to KSh. 35 million between the years 2019 and 2024.

Investigations established that the suspect was a Member of the County Assembly for Ahero ward since the year 2017 and a Majority Leader in the Kisumu County Assembly. He is also a Director for Brace Logistics Limited and a sole signatory for the account held by the company.

It was further established that the company had been awarded four (4) tenders during the period under inquiry, and the County Government of Kisumu paid a total of KSh. 11,093,231.15. Investigations further revealed that the suspect sent money to some of the County officials after payments were made, including a Procurement Officer who had sent request for quotations to Brace Logistics Company while knowing that the company was not pre-qualified to provide services in the County.

On 30th March, 2026, a report was compiled and forwarded to the DPP with recommendations to charge the MCA for Ahero Ward, the Procurement Officer and Bruce Logistics Limited, with the following charges:

3. EACC/KIS/FI/INQ/3/2019

Inquiry into Allegation of Procurement Irregularities in the Purchase of Two Fire Engines by the Kisii County Government at a cost of KSh. 72.6 Million In The FY 2017/2018

The Commission received an anonymous report alleging that the Kisii County Government purchased two (2) small fire engines at a cost of KSh. 31 million. It was further alleged that the Kisii County Government initially awarded the tender to Shuria Construction Ltd at the cost of KSh. 42 million. However, this later changed under unclear circumstances, and the tender was instead awarded to Stratogen Ltd at KSh. 72.6 million.

Investigation established that on 16th February, 2018, the Kisii County Government advertised tender no. KCG/ADMIN/T/02/2017-2018 for the supply and delivery of brand-new truck vehicles, attracting four (4) bids. Following the procurement process, a contract was awarded to Stratogen Limited on 29th March, 2018 at a cost of KSh. 72,600,000.

Investigation revealed that the Chief Officer, Stakeholder Management, approved a requisition under the Stakeholder Management, Public Participation, and Disaster Management despite knowing that the Department had no budget for the said item. Further, it was established that the Director of Supply Chain Management provided a professional opinion, falsely indicating that funds were available in the FY 2017/2018 approved budget. Despite this, the Chief Officer, Stakeholder Management, proceeded to approve the professional opinion while aware that there was no budget for the two (2) fire engines.

Investigation further revealed that Stratogen Limited submitted false documents during the tender process and subsequently delivered substandard fire engines, and that the sum of KSh. 36,000,000 was paid to the company.

On 9th February, 2026, a report was compiled and forwarded to the DPP with recommendations to charge the County Secretary, Chief Officer- Water and Sanitation Services, Chief Officer- Stakeholder Management, Acting Municipal Engineer, Director Supply Chain Management, and Directors of Stratogen Company with the following charges:

- (i) Conspiracy to commit an offense of economic crime contrary to Section 47A (3) as read with Section 48 of the Anti-Corruption and Economic Crimes Act, Cap. 65 Laws of Kenya (ACECA).
- (ii) Abuse of office contrary to section 46 as read with Section 48 of the ACECA.
- (iii) Deceiving principal contrary to section 41 (2) as read with section 48 of the ACECA.
- (iv) Forgery contrary to section 349 of the Penal Code, Cap. 63 Laws of Kenya.
- (v) Breach of trust contrary to section 127 of the Penal Code, Cap. 63 Laws of Kenya.
- (vi) Willful failure to comply with the laws and regulations applicable to the management of public funds, contrary to section 45(2)(b) as read with section 48 of the ACECA.
- (vii) Fraudulent acquisition of public property contrary to Section 45(1)(a) as read with section 48 of the ACECA.
- (viii) Fraudulently making payment contrary to section 45 (2) (a) (iii) as read with Section 48 of the ACECA.
- (ix) Engaging in a project without prior planning, contrary to Section 45(2)(c) as read with section 48 of the ACECA.
- (x) Engaging in fraudulent practice in a procurement proceeding contrary to section 66 and as read with Section 177 of the Public Procurement and Asset Disposal Act, Cap. 412C Laws of Kenya.

The Commission is awaiting the DPP's response.

4. EACC/FI/INQ/32/2024

Inquiry into Allegation of Conflict of Interest and Irregular Payments of KSh. 67,949,824 Million by the County Government of Garissa to Qorjarey Investment Limited, a Company Associated with Employees

of the County Government of Garissa Between August, 2021 and September, 2022

The Commission received a report indicating that there was gross financial malfeasance, conflict of interest, and embezzlement of funds by Garissa County officials relating to Qorjarey Investment Limited, which received funds from the Garissa County Government.

Investigation established that Qorjarey Investment Limited received six (6) payments amounting to KSh. 67,949,824 arising from six (6) separate tenders for the supply of emergency water trucking services and emergency food items during the Financial Year 2021/2022 from the County Government of Garissa.

However, the investigation revealed that there was neither an approved budget nor a procurement plan for the items purportedly procured and paid for during that financial year. The Garissa County Government failed to provide procurement and financial documents relating to the six (6) tenders awarded to Qorjarey Investment Limited. Investigations established that fictitious copies of payment vouchers, award, and acceptance letters were submitted to ABSA Bank and National Bank to support the fraudulent payments. The fictitious documents lacked procedural backing and were deliberately prepared to circumvent the due diligence requirements of the banks regarding the source and justification for the payment.

Investigations further revealed that the Chief Officer- Finance, Director Accounting Services, and an IFMIS Accountant processed and approved payments both in IFMIS and the CBK Internet Banking platform in favour of Qorjarey Investment Limited without any procurement process having been carried out, and for services not rendered. Investigation further revealed that upon receipt of public funds from the County Government of Garissa, Qorjarey Investment Limited made transfers to Mpesa agents operating as Green Valley Connect and Village Africa Kenya Limited. The two companies received a total of KSh. 13,200,000 through Mpesa, which money was established to be proceeds of crime being concealed by the Director of Qorjarey Investment Limited.

On 10th March, 2026, a report was compiled and forwarded to the DPP with recommendations to charge the Chief Officer- Finance, Director Accounting Services, Head of County Treasury, and an IFMIS Accountant and Directors of Qorjarey Investment Limited, Green Valley Connect, and Village Africa Kenya Limited with the following charges.

- (i) Conspiracy to commit an offense of economic crime contrary to section 47A (3) as read with section 48 of the Anti-Corruption and Economic Crimes Act, Cap. 65 Laws of Kenya (ACECA).
- (ii) Abuse of office contrary to section 46 as read with Section 48 of the ACECA.
- (iii) Making a false document contrary to section 345 (a) and 347 as read with sections 348 and 349 of the Penal Code, Cap. 63 Laws of Kenya.
- (iv) Fraudulently making payments from public revenue for goods not supplied contrary to section 45 (2) (a) (ii) as read with section 48 of the ACECA.
- (v) Fraudulent acquisition of public property contrary to Section 45 (1) (a) as read with section 48 of the ACECA.
- (vi) Money laundering contrary to section 3 (a) as read with section 16 of the Proceeds of Crime and Anti-Money Laundering Act, Cap. 59A Laws of Kenya (POCAMLA).
- (vii) Acquisition of proceeds of crime contrary to section 4 (a) as read with Section 16 of the POCAMLA.
- (viii) Use of proceeds of crime contrary to section 4 (b) as read with section 16 of the POCAMLA.

The Commission is awaiting the DPP's response.

5. EACC/KSI/FI/INQ/14/2019

Inquiry into Allegations of Abuse of Office and Conflict of Interest Against a Public Officer while Serving as Director and later Chief Officer in the Kisii County Government

The Commission received a report alleging that a Public Officer in Kisii County Government had embezzled public funds of

approximately KSh. 150 million. It was alleged that the said Public Officer used proxy companies, namely, Mocha Farm Investment Limited, Jemmy Farm Investment Limited, Milimo Investment Company Limited, Sopit Investment Company Limited, Jomok Holdings Limited, and Jeduwa Company Limited, registered under the names of his wife, brothers, sisters, and other relatives, to trade with the County.

Investigations further revealed that these companies, except Sopit Investment Company Limited, belonged to his wife and relatives.

Investigation further established that the Public Officer signed letters of awards, contracts, and authorized payments in respect to Request for Quotations awarded to the companies associated with him. Investigations also established that the Public Officer later received money from the directors of these companies. Additionally, Investigations revealed that some of the Request for Quotation awarded to the six (6) companies exceeded the stipulated threshold of KSh. 3,000,000.

On 9th February, 2026, a report was compiled and forwarded to the Director of Public Prosecutions (DPP) with recommendations to charge the Chief Officer in the Department of Livestock, Fisheries and Veterinary Services, and directors of Mocha Farm Investment Limited, Jemmy Farm Investment Limited, Milimo Investment Company Limited, Jomok Holdings Limited, and Jeduwa Company with the following charges:

The DPP returned the inquiry file on 24th March, 2026, with a recommendation for further investigations.

6. EACC/MLD/FI/INQ/01/2021

Inquiry into Allegations of Procurement Irregularities in the Award of Tender for the Construction of Command Centre by the County Government of Lamu at a Cost of KSh. 73,921,857.24 in the Financial Year 2015/2016

The Commission received a complaint on allegations that the procurement process for the construction of the Command Centre, Tender no. CGL/TR/PSM&ADM/063/2015-2016 was marred by irregularities.

Investigations established that the County Government of Lamu budgeted for the construction of the Command Centre under tender no. CGL/TR/PSM&ADM/063/2015-2016 across multiple financial years between FY 2015/2016 and 2020/2021. However, the County Government of Lamu failed to provide a procurement plan and the relevant requisition by the user department.

Investigations further established that the County Government of Lamu advertised the tender, and four (4) bids were received and evaluated. Investigations established that the Evaluation Committee recommended that the tender be re-advertised due to non-responsiveness.

Investigations revealed that despite the recommendations to re-tender, the officer in charge of procurement overruled the Committee's decision and issued a professional opinion recommending the award of the tender to Damunyu General Supplies. The Chief Officer and Accounting Officer in the Department of Finance approved the professional opinion, and a contract agreement between the County Government of Lamu and Damunyu General Supplies was signed.

Investigations further revealed that Damunyu General Supplies performed the contract and, upon verification by the Inspection and

Acceptance Committee, received payment of KSh. 73,921,857.24. The construction was completed on 6th December, 2022, as per the Certificate of Practical Completion.

On 26th January, 2026, a report was compiled and forwarded to the DPP with recommendations to charge the Chief Officer - Department of Finance and the Head of Supply Chain Management with the following charges:

- (i) Willful failure to comply with the law relating to procurement contrary to section 45 (2) (b) as read with Section 48 of the Anti-Corruption and Economic Crimes Act, Cap. 65 (ACECA).
- (ii) Abuse of office contrary to section 46 as read with section 48 of the ACECA.

The Commission received a report from the Managing Director, Nairobi City Water and Sewerage Company Limited, that one of their employees forged a Bachelor of Arts degree and used it to seek a salary increase.

- (i) Forgery contrary to section 345 as read with section 349 of the Penal Code, Cap. 63 Laws of Kenya.

The Commission received a report that several officers from KUTRRH were in possession of fake academic certificates, including the suspect, a heating, ventilation, and air conditioning (HVAC) Technician who was alleged to possess a certificate in refrigeration that he used to secure employment.

Investigation established that the suspect used a fake certificate being the NITA National Trade Test Grade II No. TT2/RAC/13/0000111, to secure employment at KUTRRH. The institution had summarily dismissed him after it confirmed from NITA that the certificate was not authentic.

Investigations established that the suspect submitted the said certificate in order to be appointed for the position of HVAC Technician at KUTRRH.

On 18th February, 2026, a report was compiled and forwarded to the DPP with recommendations to charge the suspect with the following charges:

- (i) Providing false information contrary to section 46 (1) (D) as read with section 46 (2) of the Leadership and Integrity Act, Cap. 185C Laws of Kenya.

24. EACC/EL/INQ/009(IX)/2024

Inquiry into Allegations that a Former Accountant at Kenya Medical Training College Forged a KCSE Certificate to Obtain Admission at Kisii University

The Commission received a complaint that the suspect, an employee of Kenya Medical Training College, forged a certificate and used it to secure admission at Kisii University.

Investigations established that the KCSE Certificate held by the suspect was not genuine since all the grades reflected in the KCSE certificate with index number 703508/008 had been altered. Further, the mean grade was also altered from C- to C+.

It was further established that the suspect used the Certificate No. 3600431 with the mean grade of C+ to secure admission to pursue a degree in Bachelor of Commerce (Accounting Option) as a student at Kisii University while knowing that the same was a forgery.

Investigations further established that the suspect wrote a letter dated 22nd March, 2019 requesting re-designation and promotion, and he attached academic documents, a degree, and transcripts. The request was considered by the Human Resource Advisory and Training Committee, and a letter of promotion was issued with effect from 13th June, 2019. It was further established that he had irregularly earned a salary of KSh. 3,965,292.30 from November, 2019 to June 2023.

On 18th February, 2025, a report was compiled and forwarded to the DPP with recommendations to charge the suspect with the following offences;

- (i) Fraudulent acquisition of public property contrary to section 45 (1) (a) as read with section 48 of the ACECA, 2003.

25. EACC/EL/INQ/56(ii)/2023

Inquiry into Allegations of Forgery of an Academic Certificate By an Officer at the Independent Electoral and Boundaries Commission

The Commission received a report that several officers from the Independent Electoral and Boundaries Commission (IEBC) were in possession of fake academic certificates, including the suspect, a Records Management Clerk. It was further alleged that he was in possession of two fake academic certificates, namely the KCSE and a Bachelor of Business Administration and Management (Purchasing and Supply Chain Management) from St. Paul's University.

Investigation established that the suspect was employed at IEBC as a Records Management Clerk since 1st October, 2012 and was interdicted on 16th November, 2023. His personal file contained a KCSE result slip under index number 702109/012 and a degree certificate no. 05235 from St. Paul University.

Investigations further established that the suspect filled out the IEBC appraisal form and indicated that he possessed a KCSE Grade of C plain and a diploma in purchasing and supplies management, which were not placed in his personnel file.

Investigation established that the suspect had never been registered as a student at St. Paul University, and therefore, the degree certificate

was a forgery. Further investigations established that the suspect did not register or sit for exams in the year 2000 at Nyabondo Boys High School, and therefore, the KCSE Certificate was also a forgery.

As a result of using the forged documents, he was employed and earned a salary during the period between October, 2012 and February, 2024, totaling KSh. 11,045,070

On 18th February, 2025, a report was compiled and forwarded to the DPP with recommendations to charge the suspect with the following offences;

- (i) Fraudulent acquisition of public property contrary to Section 45(1) (a) as read with Section 48 of the ACECA, 2003.
- (ii) Forgery contrary to section 345 as read with section 349 of the Penal Code, Cap. 63 Laws of Kenya.

The Commission is awaiting the DPP's response.

On 28th January, 2026, a report was compiled and forwarded to the DPP with a recommendation to subject the Police Officer to administrative action.

Inquiry into Bribery Allegation Against a Motorist who was Flagged Down for Overspeeding and he was Requested to pay KSh. 5,000 Cash Bail to Secure his Attendance to Court on a Later Date

The Commission and the Traffic Police Officers carried out a joint traffic operation during the December, 2021 festive season. During the operation, the Traffic Police Officers carried out their usual traffic duties, and the Commission Officers were on standby for any bribery incidents.

Investigation established that a motorist plying the Kisumu – Kakamega Highway was flagged down for speeding. He was requested to pay KSh. 5,000 cash bail to secure his court attendance at a later date. The motorist, however, informed the traffic officers that he only had KSh. 500. The motorist pleaded with the traffic officer to accept KSh. 500. The Traffic Police Officer then alerted the Commission Officers and informed them that the motorist had offered a bribe of KSh. 500.

Upon retrieval of the recorded conversation between the motorist and the police, investigations established that the recorded conversation was not clear enough to determine what exactly the motorist was pleading for.

Investigations did not establish any elements of the offence of bribery as per section 5 of the Anti-Bribery Act.

On 10th March, 2026, a report was compiled and forwarded to the DPP with recommendations that the file be closed, as the evidence on record did not meet the legal threshold required to sustain a charge of offering a bribe.

The DPP returned the inquiry file on 8th April, 2026, and concurred with the Commission's recommendation for closure.

35. EACC/NYR/OPS/INQ/38/2023

Inquiry into Allegations of Bribery Against Nyandarua North Deputy Sub-County Administrator Who Allegedly Demanded KSh. 40,000/= in Order to Release Goods And Equipment Seized From Their Alcohol Selling Business

The Commission received a complaint that the Nyandarua North Deputy Sub-County Administrator, who demanded a bribe of KSh. 20,000 each from two businesswomen as an inducement in order to release various alcoholic goods, pumps and keg cylinders which had been confiscated from them.

The Commission conducted a trap operation, which culminated in the arrest of the Nyandarua North Deputy Sub-County Administrator. A search was conducted, and the Nyandarua North Deputy Sub-County Administrator was found in possession of KSh. 22,000. The recorded conversation exonerates the suspect since it creates an impression that he was to issue a receipt for the money he had received and that the goods which had been confiscated could not be released without the receipts.

Investigations further revealed that the law permitted the Nyandarua North Deputy Sub-County Administrator to collect revenue and remit it to the authorized revenue collector within three (3) days of collection. The evidence on record does not meet the threshold to prove the offence of bribery and, as such, cannot support bribery charges against the Nyandarua North Deputy Sub-County Administrator.

On 28th January, 2026, a report was compiled and forwarded to the DPP with recommendations that an advisory be issued regarding the need to seal legislative loopholes in the Nyandarua Finance Act that may lead to loss of revenue, and thereafter that the file be closed.

The DPP returned the inquiry file on 24th March, 2026, and concurred with the Commission's recommendation for closure.

MSAMBWENI SUB-COUNTY, KWALE COUNTY

INVITATION TO PUBLIC COMMENTS

PURSUANT TO Section 59 of the Environmental Management and Co-ordination Act, Cap. 387, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Silver Sands Kenya Limited, proposes to construct a 310 meters long and 0.3 meters high retaining beach wall including gabion bands, revetments & shoreline structures and other associated facilities and amenities on plot/parcel No. Kwale/Diani/1816,1817 and 1818, along the shoreline of Silver Sands Hotel at Diani beach, Msambweni Sub-county, Kwale County.

The following are the anticipated impacts and proposed mitigation measures.

<i>Impacts</i>	<i>Mitigation Measures</i>
Solid waste management	- All site personnel will undergo training on proper waste handling, segregation, storage, and disposal procedures, with emphasis on minimizing environmental harm and promoting general environmental stewardship. - Solid wastes will be segregated at the source into organic, recyclable, and hazardous categories to facilitate proper handling and disposal. - Hazardous wastes will be collected, stored in designated containment areas, and disposed of according to the Environmental Management and Co-ordination Act (EMCA), Cap. 387, and the Waste Management Regulations, 2024. This ensures compliance with national standards for handling, transportation, and final disposal. - Inorganic construction debris, such as excess rock, gabion mesh offcuts, and sand, will be reused where possible or transported to authorized disposal sites, minimizing environmental contamination. - Regular site inspections will be conducted to ensure that waste management practices are adhered to, and corrective actions will be taken immediately if deviations occur.
Liquid waste / effluent	- Install temporary sand or silt barriers to prevent mobilized sediments from entering the marine environment. - Locate construction compounds, material stockpiles, and spoil areas away from shallow shoreline zones to reduce direct sediment runoff. - Ensure that all construction debris and materials are contained and removed promptly to prevent entry into the marine environment. - Conduct regular monitoring and supervision of construction activities to ensure compliance with sediment control measures. - Schedule major excavation and placement works to coincide with low tide periods and avoid the high-energy Southeast Monsoon season wherever possible. - Adjust sediment control measures in response to observed turbidity or sediment transport patterns during construction.
Noise and vibration	- All equipment will be turned off when not in use to minimize unnecessary noise. - Temporary hoarding and barriers will be installed around active work areas to reduce noise propagation. - High-noise operations will be scheduled during daytime hours to minimize disturbance to resort guests and the public.

Impacts

Mitigation Measures

	- Regular servicing of construction equipment will ensure efficient operation and reduce noise levels. - Periodic noise monitoring will be conducted to ensure that levels remain within acceptable limits in accordance with national environmental standards (EMCA (Noise and Vibration) Regulation, 2009).
Air quality /dust	- Regular spraying of water on exposed soil surfaces prior to excavation shall be undertaken to minimize particulate emissions. - Periodic wetting of internal access roads to suppress dust nuisance and maintain safe air quality levels shall be undertaken. - Enforce a maximum speed limit of 30 km/h for all construction vehicles on site and display appropriate speed limit signage at strategic points. - Provide suitable Personal Protective Equipment (PPE) such as dust masks and strictly enforce compliance with PPE use, especially for workers engaged in excavation and soil handling. - Conduct routine visual inspections of dust emissions from excavation areas and haul roads, with immediate corrective actions implemented if excessive dust is observed. - Ensure construction vehicles and machinery are well maintained and regularly serviced to minimize exhaust emissions and improve fuel efficiency.
Worker health and safety	- Ensure proper storage, segregation, and disposal of solid and liquid wastes in accordance with EMCA (Waste Management Regulations, 2024). Hazardous materials must be stored securely and handled by trained personnel. - Limit noisy operations to daytime hours, maintain machinery in good condition, and use temporary noise barriers where needed.

LOCATED ON PLOT L.R NO. 5989/203 (NAIROBI BLOCK 194/100) WITHIN RUNDA, KARURA IN WESTLANDS SUB-COUNTY, NAIROBI COUNTY.

INVITATION TO PUBLIC COMMENTS

PURSUANT TO Section 59 of the Environmental Management and Co-ordination Act, Cap. 387, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Unaitas Sacco Society Limited, proposes to develop a 7 storey office block (ground plus 7 No. floors) and a 3 storey strip mall (ground plus three floors), banking hall, ATM feed and lobby, bank branch offices, parking spaces, lettable office spaces, Unaitas data center and offices and other associated amenities and facilities on L.R No. 5989/203 (Nairobi block 194/100) within Runda, Karura in Westlands Sub-County, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impact</i>	<i>Mitigation Measures</i>
Biodiversity Loss	- Rehabilitation and revegetation of excavated areas after construction. - Site clearance and cutting of trees to be restricted to project site only. - Minimum disturbances to soil cover and also care will be taken not to damage adjoining vegetation. - Trees cut to be compensated at the minimum ration of a 1:2. Planting locations could be either onsite or in the neighbouring Karura forest.
Air emissions/ greenhouse gases	- Vehicles to be used during the construction phase are to be kept in good working condition and should not be the source of excessive fumes. - The backup genset onsite to also be well maintained and kept off unless when genuinely needed during power black outs.
Dust pollution	- Transportation of materials will be done in such a manner that Dust and air pollution due to dust when excavated material is stock piled, should be limited by means of wetting (particularly in dry season), covering with foil or working in small sections so that the trenches are backfilled with excavated soil within shortest possible period (maximum 2-3 days). - Settled areas within project access routes will be identified and maximum speeds of project vehicles will be established within these areas. iv. Speed limit of 15km per hour will be posted and enforced to reduce airborne fugitive dust caused by vehicular traffic. - Construction materials will be delivered in bulk to avoid repetitive movements of delivery vehicles. - Construction materials and stockpiled soils will be covered if they they do not fly or fall off the vehicle by covering or wetting friable materials.
Generation of solid waste	- A site management plan should be prepared by the proponent prior to construction activities. - This should include designation of appropriate waste storage areas, collection and removal schedule. - Re-useable inorganic waste should be stockpiled away from drainage features and used for infilling where necessary.
<i>Impact</i>	<i>Mitigation Measures</i>
Noise pollution	- Unused construction waste, such as damaged pipes, form work and other construction material, must be disposed at appropriate dumpsite. - Road traffic movements shall be scheduled to normal working hours (08H00 –17H00) - Maintenance and Servicing of all construction vehicles and machinery must be done regularly and during routine servicing operations, the effectiveness of exhaust silencers will be checked and if found defective will be replaced - Idling of temporary trucks or other equipment will not be permitted during periods of loading / unloading or when they are not in active use. This practice will be enforced especially near residential and sensitive areas.
Impacts on drainage and flooding	- Installation of adequate and sizeable culverts along the storm drain adjacent the highway and beneath the acceleration and deceleration lanes. - Ensuring that no materials or waste are dumped along the traditional drainage routes within the project area of influence. - Install Permeable Pavers to allow water to soak into the ground rather than running off.
Health and safety risks	- Capacity building of the workers and staff; to create awareness towards potential risks and recommended preventive measures through training. This will ensure that health and safety measures are followed. - Conduction of regular drills on fire prevention and control will be encouraged to ensure proper preparedness for fire control. - Comprehensive firefighting equipment should be provided after completion of the project. This should be installed or provided at strategic points. The fire extinguishers should be serviced accordingly i.e. after every six months to ensure effective and efficient performance when required.
Soil contamination/ pollution	- Contractor will ensure that all vehicle/machinery and equipment operation, maintenance and refuelling will be carried out in such a way that spillage of fuels and lubricants does not further contaminate the ground. - Contractor will arrange for collection, storing and disposal of oily wastes to the pre-identified disposal sites (approved by NEMA).
HIV/AIDS risks	Contractor to engage approved service provider by National Aids Control Council (NACC) to raise awareness on HIV/ AIDs to workers.
Occupational health and safety hazards	- Contractor to develop and safe operating procedures to the workers: this will involve creating detailed written instructions and guidelines that outline the specific steps, precautions, and best practices to be followed when carrying out a particular task or operation. - Safety Training of workers: Provide comprehensive safety training to workers on a regular basis. Ensure workers are aware of potential hazards and understand safety protocols.

<i>Impact</i>	<i>Mitigation Measures</i>
Grievances	• Provide and enforce the use of appropriate PPE, including helmets, gloves, safety boots, and high-visibility vests. • Formation of a project grievance redress mechanism to address all project related grievances. • Inform local residents about ongoing construction activities and potential hazards. Address community concerns and establish open lines of communication.
Gender based violence and Sexual Harassment	• Implement a clear human resources policy against sexual harassment in alignment with national law. • Integrate provisions related to sexual harassment into the employee Code of Conduct (COC). • Appoint human resources personnel responsible for managing reports of sexual harassment according to policy. • Ensure that the Contractor's employees, sub-contractors, sub-consultants, and relevant personnel sign and adhere to a Code of Conduct containing provisions for protection against sexual exploitation and abuse. • Implement provisions that prevent gender-based violence at the community level, including effective community engagement and consultation, especially involving women and girls. • Review project components known to heighten GBV risk at the community level, such as compensation Projects and employment opportunities for women.
Economic displacement	• In case any economic activity be interfered with especially along the road reserve, the affected individuals will be properly notified so that they can plan their relocation with ease.
