THE CROWN LANDS ORDINANCE

CITY OF NAIROBI

TENDERS in terms of proposals for development are invited for the leasehold of portions of an area of approximately seven acres of land in the vicinity of Ngara Road for the purpose of constructing residential accommodation in the form of flats.

2. A plan of the area may be inspected in the Lands Department, Nairobi, or a copy may be obtained at the office of Director of Surveys, P.O. Box 1766, Nairobi, on payment of Sh. 4, post free.

3. Survey will be undertaken when the areas to be granted have been decided upon.

*Conditions of Sale**(a) Tenders*

1. Sealed envelopes marked "Tender for Ngara Road" must be deposited with the undersigned before noon on the 23rd day of January, 1956.

2. It has been decided that the density of building shall be at the rate of 21,800 square feet of accommodation per acre in multi-storeyed buildings.

3. The public is invited to tender for areas of this land in terms of development proposals. Tenders should take the form of application to build a stated number of square feet of residential flat accommodation. Each tender should be accompanied by a statement indicating—

- the amount of capital it is proposed to spend on the project, with a banker's letter in support;
- the amount of accommodation it is proposed to build;
- the scale of accommodation per flat; separate scales to be given for each type designed;
- the method by which the flats will be made available to the public, together with a statement of terms and conditions appropriate to the method of making available, e.g. rent, tenant-purchase terms and conditions—if proposed—outright purchase by tenants, etc.

4. Tenders should also include a description of the provision for car parking. All successful tenderers will be required to conform in all respects with the City by-laws for accommodation of this sort, together with the terms and conditions set out in the Schedule hereto.

5. The successful tenderers will be required to pay within 14 days of notification that their tenders have been accepted 25 per cent of the stand premium indicated in the Schedule, together with a sum in respect of the rent due to 31st December, 1956. The balance of the stand premium will be payable on demand prior to the issue of title.

6. The area will be developed under the guidance of the City Council and the Commissioner in a harmonious integrated manner. Sketch plans should, therefore, not be submitted. In the siting of buildings and the provision of amenity areas, regard will be had to the requirements of the overall development of the area.

7. Grants of land will be made proportionate to the amount of accommodation which it is proposed to erect on the basis of one acre per 21,800 square feet of accommodation. As the amount of land is limited, it may be necessary to scale down tenderers' proposals. Particular regard will be had to economy in the use of land and the provision of amenities. No application for an area of less than one acre, however, will be considered.

8. Successful tenderers will be required to pay within 14 days of notification that their tender, or such modification of it as may be agreed has been accepted, the full amount of stand premium due and annual rent until 31st December, 1956.

(b) General

1. Grants will be made under the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and title will be issued under the Registration of Titles Ordinance. The term of the grant will be 99 years from the first day of the month following the notification of approval of the grant.

2. The Government or such person or authority as may be appointed for the purpose shall have the right to enter upon the plots and lay and have access to water mains, service pipes, telegraph or telephone wires and electric mains of all descriptions, whether overhead or underground, and the grantees shall not erect any building in such a way as to cover or interfere with any existing routes, main or service pipes or the telegraph or telephone wires and electric mains aforesaid.

3. The grantees will be required to conform with the City by-laws in all respects. All buildings in the area will be required to conform to a general architectural plan.

4. The grantees shall not sell, transfer, sublease, charge or otherwise alienate or part with possession of the plots without the prior consent in writing of the Commissioner of Lands and such consent will not be given if the buildings prescribed by Condition No. 3 aforesaid have not been completed to the satisfaction of the Commissioner:

Provided, nevertheless, that the plots may with the prior consent in writing to the Commissioner of Lands be charged for the purpose of securing the repayment of any sum which the Commissioner may be satisfied is required by the grantees to enable them to fulfil their obligations under Condition No. 3 aforesaid.

5. The grantees shall not subdivide the plots.

6. The grantees shall be required to pay all rates, taxes, charges, duties, assessments or outgoings of whatever description as may be charged, assessed, levied or imposed by any Government or Local Authority upon the land or the buildings erected thereon including any contribution or other sum paid by the Government in lieu thereof.

7. The cost of the construction of roads, drains and sewers to serve the plots shall be payable by the grantees on demand. The making up of the open space areas will also be at the expense of the successful tenderers.
