## GENERAL NOTICE No 1816

## EUROPEAN AGRICULTURAL SETTLEMENT BOARD

## ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 1955

THE accounts presented herewith are prepared in accordance with the directions of the Hon. The Minister for Agriculture, Animal Husbandry and Water Resources, under the provisions of the European Settlement Ordinance 1948.

The following notes are in amplification of the accounts and should be referred to as indicated thereon —

## Note 1 — Farms Leased to Tenant Farmers

There are 215 farms leased to tenant farmers as at date. The value thereof consists of the lease valuations of the land as at the dates from which the respective tenancies commenced plus certain of the permanent improvements at cost, erected thereon. The Board's policy is to encourage satisfactory tenant farmers to purchase an interest in their farms as early as possible providing development is not prejudiced thereby. To this end a scheme was devised whereby the improvements constructed at the Board's expense could be purchased by the tenant by means of a Settlement Loan. This scheme has proved successful, and many tenants have taken advantage of it. Thus, the total investment under this heading shows a slight drop despite the increase in the number of farms leased, but this reduction is more than offset by the substantial increase under the heading of "Settlement Loans Advanced to Farmers".

## Note 2 — Land Unoccupied

One farm only is unoccupied as at date, and negotiations for its sale are in progress. Also included under this head is an area of forest land, and a trading centre, at Mau Narok Estate which was recently developed by the Board. The forest is being exploited and a sawmill has been established under private ownership for this purpose.

## Note 3 — Foundation Stock Farm

The Board owns 28,054 acres adjacent to Konza which it operates as a centre for the breeding by insemination of grade heifers for sale to its tenants, and others.

## Note 4 — E A S B Offices

As a permanent investment for a Trust Fund (*vide* Note 10) the Board is constructing new offices. The sum shown represents progress payments made to the building contractors.

## Note 5 — Settlement Loans

The amount shown represents the difference between the total sums advanced to farmers under the settlement schemes, and repayments made. The majority of the loans are repayable by equated half-yearly instalments of principal and interest over a period of from 30 to 42 years. A large proportion of the total represents advances for the construction of permanent improvements. Many of the original settlement loans have been repaid in full, or in part.

## Note 6 — Rent and Interest in Suspense

In accordance with the provisions of White Paper No 1 of 1950, the Board granted periods of moratoria on rent and interest payments to many of the farmers established under its auspices. Subject to certain safeguards, payment of the sums accrued during these periods may be waived. A reserve, sufficient to cover the sums still held in suspense, has been established to offset the probable reduction in value of this asset.

## Note 7 — Livestock on Loan to Farmers

The Board's policy is that every tenant farmer should engage in mixed farming. To assist certain farmers the Board loaned them a number of cattle, the loans to be repayable in cash or kind after a period of five years.

## Note 8 — Survey Charges

The Board endeavours to obtain survey of its farms as and when it is possible to do so. If a private surveyor is employed, 75 per cent only of his charges are paid until the Director of Surveys has approved the work. The amount shown represents fees paid on this basis, which are held in suspense pending checking, after which allocation to the farm concerned is made. All costs of survey are recoverable when the farms are sold.

## Note 9 — Sundry Debtors

In addition to tenants who have exercised their options to purchase their farms, the Board has sold several properties to settlers outside the settlement schemes. In some cases, the purchasers are permitted to withhold a percentage of the purchase price pending survey of the farm and the issue of title. In others, terms covering a varying period of years for payment are granted. In all cases the unpaid balances bear interest.

The instalments of rent and/or interest payable to the Board by farmers fall due half-yearly on 30th September and 31st March. A very large proportion of the total under this head therefore, became due on the date of the accounts.

## Note 10 — Thompson Bequest Trust Fund

Through the generosity of the legatees of the late W P Thompson of Emali, the Board became the trustee of over £9,000. It was decided that this sum be invested in a building to be used as permanent offices of the E A S B (*vide* Note 4) on which rent would be paid, such rent to accrue to the Trust Fund as interest thereon. This interest is to be used to establish bursaries for the education in agriculture of Kenya European Youth.

## Note 11 — Immigration Insurance Fund

In addition to its other activities, the Board operates a farm employee scheme whereby persons desirous of obtaining employment in Kenya as farm managers or assistants are found positions and are assisted to enter the Colony. The Board underwrites the immigrant's bond on arrival in Kenya for which a fee is charged. The amount shown represents the total of the fees charged to date, which sum operates as an insurance fund to defray the cost of passages should it be necessary to repatriate an immigrant. Since the inception of the Board's own insurance scheme no such repatriation has become necessary.

## Note 12 — Sundry Creditors

In cases where the Board purchases farms for settlement, and the precise acreages of such farms are unknown due to lack of survey, a proportion of the cost is withheld.

## Note 13 — Reserve for Administrative Expenditure

As the last contribution by Government towards the cost of the Board's administrative expenditure covers the period ending 30th June 1955, an amount proportionate to the remaining three months has been reserved.

## Note 14 — Provision for Bad and Doubtful Debts

In view of unsettled conditions generally it has been decided to augment the sum provided under this head, to bring the balance up to an amount equal to 10 per cent of the aggregate sums owing to the Board.

## Note 15 — Improvements Insurance

In line with Government policy, the Board carries its own insurance of its assets which are liable to damage by fire or similar misfortune. It has been decided to reallocate to this fund a sum equivalent to 10 per cent of the estimated value of the assets liable to such damage.
