NOTICE is hereby given that the plots shown in the attached Schedule situated on the Thika Road adjoining the Thika Road House are available for alienation. A description of the plots which are to be alienated is shown in the Schedule.

2 Tenders are invited for the direct grant of these plots for sports grounds purposes and a plan may be seen in the Lands Department Nairobi or may be obtained by post on payment of Sh 4, post free from the Director of Surveys P.O. Box 1766 Nairobi.

3 Tenders, stating the plot required in order of preference, should be submitted to the Acting Commissioner of Lands Nairobi to reach him not later than noon on the 30th September, 1955, and envelopes should be clearly marked "Application for Sport Grounds Thika Road House Area".

4 Applicants must enclose with their applications a detailed programme of development to be completed within two years to the satisfaction of the Commissioner of Lands and the approved development condition will be included in the final grant.

5 Satisfactory evidence that sufficient funds are available must be given and details of the number of members belonging to the applicant club as well as the type of sports intended to be played on the ground should be included in the tender. Financial details should be supported by a banker's letter.

6 Joint tenders proposing the use of the ground by more than one club will be considered particularly when the membership of any one club is small and would not normally be considered for a direct grant. The attention of clubs with small membership is especially drawn to this condition.

7 The grant will be issued in the name of the sports club or clubs as stated in the application.

8 Grants will be made under the Crown Lands Ordinance (Cap 155 of the Revised Edition of the Laws of Kenya) and titles will be issued under the Registration of Titles Ordinance. The term of the grants will be 50 years from the first day of the month following the notification of the approval of the grant.

Special Conditions

1 No building shall be erected until plans (including block plans showing the positions of the buildings) drawings, elevations and specifications thereof shall have been approved in writing by the Local Authority and the Commissioner of Lands.

2 The Grantees shall properly connect the drainage and sewage systems with any other systems when in the opinion of the Commissioner of Lands and the Local Authority the latter systems are so far completed as to enable the Grantees so to do.

3 The land and buildings shall only be used as a non-residential sports club.

4 The Grantee shall not subdivide the land.

5 If at any time during the term of the lease the land ceases to be used in accordance with Special Condition No 3 above for a period of 12 months, action for the forfeiture of the lease may be instituted.

6 The Grantees shall not transfer, charge, sublet or part with the possession of the land or any buildings thereon save with the prior approval in writing of the Commissioner of Lands.

7 All outbuildings, offices and similar buildings shall be kept screened from view to the satisfaction of the Local Authority.

8 The Grantees shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land. It is proposed to construct the internal road serving the plots in the near future and the cost of the work will be apportioned on an acreage basis against the land. In addition, the Grantees of L.R. No 8883 will be called upon to pay the cost of removing and re-erecting the incinerator now erected on the land.

9 The Grantees shall pay such rates, taxes, charges, duties assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or Local Authority upon the land or the buildings erected thereon including any contribution or other sum paid by the Government in lieu thereof.

10 The Governor or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions whether overhead or underground and the Grantees shall not erect any buildings in such a way as to cover or interfere with any existing alignments of main or service pipes or telephone or telegraph wires and electric mains.

11 Notwithstanding anything to the contrary herein contained or implied by virtue of the said Crown Lands Ordinance the Grantees shall upon receipt of three months' notice in writing in that behalf surrender all or any part of the land which may be required by the Governor for public purposes. The Grantees shall be entitled to compensation of such of the approved buildings as may have to be evacuated or demolished and also in respect of any capital expenditure which they can prove to the satisfaction of the Commissioner of Lands has been incurred by them in improving the land.
