GENERAL NOTICE No. 2273

THE CROWN LANDS ORDINANCE

NAKURU—HIGH DENSITY TWO-STOREY HOUSING

TENDERS in terms of proposals for development are invited for the leasehold of portions of an area comprising approximately 6.21 acres in Section XLIII, Nakuru, for the purpose of constructing high density two-storey housing.

2. A plan of the area may be seen in the Lands Department, Nairobi, or at the office of the Town Clerk, Nakuru, or a copy may be obtained at the office of the Director of Surveys, P.O. Box 1766, Nairobi, on payment of Sh. 4, post free.

CONDITIONS OF SALE

(a) Tenders

1. Sealed envelopes marked "Tenders for Section XLIII, Nakuru" must be deposited with the Town Clerk, Nakuru, before noon on 1st November, 1955.

2. It has been decided that the density of building shall be at the *minimum* rate of 8,500 sq. ft. to a maximum rate of 12,000 sq. ft. habitable floor space per acre (exclusive of servants' quarters) in *two-storey terraced and semi-detached houses*.

3. The public is invited to tender for this land in terms of development proposals. Tenders should take the form of application to build a stated number of units of residential habitable floor space comprising a minimum of 2,000 sq. ft. to a maximum of 2,800 sq. ft. per unit, i.e. *one terrace of four houses or one pair of semi-detached houses comprising four dwellings*, and should as far as possible conform with the proposals shown on the plan of the area in question. Each tender should be accompanied by a statement indicating—

(a) the amount of capital it is proposed to spend on the project with a banker's letter in support;

(b) the amount of accommodation it is proposed to build, i.e. one unit or any larger amount not necessarily in complete additional units.

Note.—Type plans can be made available if desired, at normal cost, on application to the Town Clerk.

(c) the scale of accommodation per house, separate scales to be given for each type designed;

(d) the method by which the houses will be made available to the public, together with a statement of terms and conditions appropriate to the method of making available, e.g. rent, tenant purchase terms and conditions if proposed, outright purchase by tenants, etc.

4. Tenders should also include a description of the provision for car parking and servants' *sanitary accommodation* only, etc. All successful tenderers will be required to conform in all respects with the Council's By-laws for accommodation of this sort, together with the terms and conditions set out in the Schedule hereto.

5. The area will be developed under the guidance of the Municipal Council and the Commissioner in a harmonious integrated manner. Building plans not in accordance therewith will not be approved. In the siting of buildings and the provision of amenity areas, regard will be had to the requirements of the overall development of the area. Sketch plans should therefore be submitted.

6. Grants of land will be made proportionate to the amount of accommodation which it is proposed to erect on the basis of *approximately* one acre per 12,000 sq. ft. of accommodation. As the amount of land is limited it may be necessary to scale down tenderers' proposals. Particular regard will be had to economy in the use of land.

7. Successful tenderers will be required to pay within 14 days of notification that their tender or such modification of it as may be agreed, has been accepted, the full amount of stand premium and annual rent until 31st December, 1955.

(b) General

1. Grants will be made under the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and title will be issued under the Registration of Titles Ordinance. The term of the grant will be 99 years from the first day of the month following the notification of approval of the grant.

2. The Government or such person or authority as may be appointed for the purpose shall have the right to enter upon the plot and lay and have access to water mains, service pipes, telegraph or telephone wires and electric mains of all descriptions, whether overhead or underground and the grantee shall not erect any building in such a way as to cover or interfere with any existing routes, mains or service pipes or the telegraph or telephone wires and electric mains aforementioned.

3. The grantee shall erect complete for use and occupation *within two years* of the date of commencement of the term of the grant approved buildings in accordance with the terms of the successful tender, of a design, including block plans showing the position of the buildings, drawings and elevations, previously approved by the Commissioner of Lands, and the Municipal Council and shall maintain the same, including the external paintwork, in good and substantial repair and condition during the continuance of the term of the grant. The grantee will be required to conform with the Municipal By-laws in all respects. All buildings in the area will be required to conform to a general architectural plan and the successful tenderers will be required to consult with the Municipal Council before submitting plans. These must be *submitted within six months* of the commencement of the term.

4. The buildings shall not cover more than 30 per cent (thirty per centum) of the area of the land or such lesser area as may be laid down by the Local Authority in its By-laws.

5. The grantee shall not subdivide the land or sell, transfer, sublease, charge or otherwise alienate or part with possession of the plot without the prior consent in writing of the Commissioner of Lands. Provided, nevertheless, that the plot may with the prior consent in writing of the Commissioner of Lands be charged for the purpose of securing the repayment of any sum which the Commissioner may be satisfied is required by the grantee to enable him to fulfil his obligations under Condition No. 3 aforesaid.

6. The grantee shall be required to pay all rates, taxes, charges, duties, assessments or outgoings of whatever description as may be charged, assessed, levied or imposed by any Government or Local Authority upon the land or the buildings erected thereon including any contribution or other sum paid by the Government in lieu thereof.

7. The grantee shall pay for the construction of roads and drains on demand.

8. The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

9. Should the Commissioner of Lands or Local Authority at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

SPECIAL CONDITIONS

1. The premises may be used for the purpose of residential housing only and for no other purpose whatsoever.

2. The grantee shall not do, or permit to be done, on the premises anything which is or might become a nuisance in the opinion of the Commissioner.

3. All buildings shall be designed and erected to a high architectural standard *to the satisfaction of the Municipal Council*.

GENERAL NOTICE No. 2278

THE ELECTRIC POWER ORDINANCE

(Cap. 174)

NYERI ELECTRICITY UNDERTAKING

Applications for Alterations in Methods of Charge

I HEREBY give notice that, as licensee under Distributing License No. 14, dated 15th August, 1947, I intend to make application on 21st October, 1955, to His Excellency the Governor in Council of Ministers under and by virtue of section 69 of the Electric Power Ordinance (Cap. 174) for consent to the following alterations in methods of charge:—

(i) The withdrawal of the method of charge known as the African Contract Tariff, which was authorized on 7th August, 1952.

(ii) The substitution therefor of a new tariff, to be available to all consumers within the area covered by Distributing License No. 14 and to be known as the Contract Tariff at the following rates of charge:—

For a supply available only between the hours of 6.30 p.m. and 6 a.m. daily—

<i>Contracted Maximum Demand Watts</i>	<i>Charge per Month Sh. cts.</i>
100	5 00
240	7 50
480	15 00

Such charges to be payable monthly in advance.

The present African Contract Tariff has proved in practice to be insufficiently flexible and the new tariff has been designed to give the consumer a service better related to his needs and at the same time bring the method of charge more closely in line with the cost of production.

The revised method of charge does not involve any increase in price.

Any public or local authority, company, person or body of persons desirous of making any representation on, or objection to, this application shall do so by letter addressed to His Excellency the Governor in Council of Ministers, and marked on the outside of the cover enclosing it *Electric Power Ordinance* on or before the expiration of fourteen days from the intended date of application.

Nairobi,
17th September, 1955.

R. E. GERMAN,
Postmaster General,
Licensee for the Nyeri
Electricity Undertaking,
